

DEMOCRATS IN MAINE VICTORS IN ELECTIONS

In the first district returns from all but 10 of 145 precincts gave: Rep. Carroll L. Beedy (R) \$6,400

Joseph E. F. Connolly (D) 33,711.
Returns from all but 12 of 21
precincts in the second district
gave:
Edward C. Moran Jr., (D) 40,821.
Rep. John E. Nelson (R) 38,233.
Returns from all but 29 of 27
precincts in the third district
gave:
John G. Utterback (D) 36,786.
Ralph O. Brewster (R) 34,237.
It was the closest Maine election
since 1880, when the Democratic
candidate for governor won by 13
votes.
The Democratic vote astounded
some political observers, for not
only did it appear that Brann was
elected, but several other high
elective offices held for years by
Republicans were endangered.
Brann carried the third house
district by 23 votes. He had

carried Martin's county.

Republicans won the state 183,000 in the last presidential year state election. Their majority have averaged 40,000 since 1920.

They had predicted a majority 20,000 for their ticket.

WORKER WINS SCHOLARSHIP

BOSTON.—(INS)—A day's work in a knitting mill after classes at Boston University college of liberal arts interfered so little with Edwin William Wilfred's ability to keep up with his studies that his scholastic record combined with character rating have won him a Professor Augustus Hobbs scholarship, the most coveted scholarship in the college.

BUILDING-LOAN GROUP TO MEET

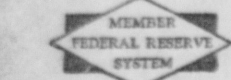

Whether or not the Orange County Building-Loan League will hold instruction classes this year will be decided at a meeting to be held in Ketter's cafe here Thursday night at 8:30 o'clock. It was announced today.

J. Lester Miller of San Jose, president of the California Building-Loan League, W. R. Gibbon of Los Angeles, chairman of the league's educational committee, and Frank Noon, secretary of the Los Angeles chapter, are scheduled to speak at the meeting and explain the purpose and other details of the classes, it was announced.

Fred Backs of Anaheim is president of the Orange county organization, and will preside at the meeting.

"And OTHER VALUABLE Considerations"

SAFETY of deposits has been the primary consideration of the management of this Bank through forty-five years of successful banking experience in California.

Consideration of the prosperity and welfare of the communities in which the Bank operates is never overlooked. Business prosperity is based upon credit and this Bank is ever ready to provide the means for sound business advancement.

Service is another consideration. We endeavor to provide complete line of services—every service which any bank or any trust company may offer to perform, and provide competent personnel to serve our patrons on each line. We invite the banking business of men, women, children, firms or corporations, with appropriate facilities for each kind of banking account.

ANNUAL COUNTY FINANCIAL REPORT ISSUED; BALANCE OF \$2,425,610 CASH SHOWN

Showing a grand total of disbursements for the year of \$9,847,079.69 and total cash amounting to \$2,425,610.93 on hand at the close of the fiscal year 1931-32, the annual statistical report of the county came off the presses yesterday. Copies are available for distribution at the office of County Auditor W. T. Lambert.

A resume of the report shows that cash received during the fiscal year totaled \$11,053,333.41. Of this amount there was \$2,817,076.63 listed as balance on hand July 1, 1931. Total receipts exclusive of the balance on hand was \$8,236,256.78.

Disbursements from county funds during the fiscal year just ending totaled \$8,876,982.07 with warrants cashed from special funds listed as \$876,127.62. County warrants issued during the year totaled \$8,000,854.45 and tax income deposited to credit of special funds was \$888,967.80. There was a balance on hand in county funds on July 1, 1932, amounting to \$2,076,332.34.

Advertising Expense
According to the report there was a total of \$24,518.37 expended from the advertising fund during the past year. Salaries of manager and stenographer totaled \$1350 with the manager receiving \$300 and the stenographer being paid a total of \$1050. The manager's expense account was listed at \$600 with the secretary receiving \$300 for expenses.

There was a total of \$2397.50 expended from this fund for the Los Angeles County Fair, Southern California and State fair and additional \$3500 went to the Orange County Orange Show and Fair. Newspaper and magazine advertising and county maps cost \$7981.74. The American Legion was listed as having received \$1500. State Chamber of Commerce, \$1000. Newport Harbor Tournament of Lights, \$500. All Year Club \$1000 and \$250 to the Native Sons and Daughters of the Golden West for their float in the Los Angeles Fiesta.

Publication of county booklets cost \$1362.44 and the Newspaper Association Year Book cost Orange county an additional \$250. The Laguna Beach Art Gallery also received \$250.

Welfare Costs
Unemployment relief, taken from the Welfare fund cost the county \$104,662.84 and was expended in employing labor and purchasing supplies. This item is new to the statistical report having been created through the economic situation that threw thousands of men and women out of work, increasing the burden in providing for their care.

Operation of the Department of Social Welfare cost \$31,502.71 and care of indigents outside of the county hospital cost an additional \$166,247.70.

The Department of Social Welfare fund was expended as follows: Salary of director, \$3601.93; salary of assistant, \$2280; salary of visitor, \$2380; salary of old age and blind agent, \$1800; salary of children's agent, \$2185; bookkeeper, \$1800; stenographers and extra help, \$11,029.57; supplies and expense, \$2314.99; telephone and telegrams, \$126.39; mileage, \$244.86; furniture and fixtures, \$1570.97.

The fund for care of indigents outside the hospital was expended as follows:

Cash allowance, \$17760.59; merchandise, \$64,095.88; care of the aged, \$35,428.59; rentals, \$16,974.91; dependent children, \$10,701.63; burials and ambulance, \$5812.50; transportation, \$9492.63; medical services and nursing, \$169.45; milk, \$1451.99; drugs, \$7.75; taxes, \$183.80; children at health camp, \$1741.61; care of the blind, \$2575; miscellaneous, \$428.57.

Operation of the Veterans' Welfare department cost a total of

dempive settlements, \$26,088.28; registration of voters, \$11,691.40; road work paid out of county general fund, \$87,556.54; road district No. 2, \$86,817.05; road district No. 3, \$198,691.75; road district No. 4, \$45,552.75; road district No. 5, \$94,829.57; roads (maintenance of good sup't. of highways, \$64,609.57; sealers of rights and mortgages, \$4,679.81; school bonds, \$641,292.71; schools (arranged alphabetically), \$4,160,484.40; special districts (preliminary payments to be refunded), \$2,521.09; special funds, \$866,751.58.

GARDEN GROVE

GARDEN GROVE, Sept. 13.—L. H. Burr and son, Keith, made a business trip to Los Angeles recently.

Mr. and Mrs. Don Smith and small daughter, Donna Lee, have returned to their home in Inglewood after spending the summer with Mrs. Smith's parents, Mr. and Mrs. C. K. Lee. Mr. Smith is principal of the Wiseman school near Inglewood.

Mr. and Mrs. D. S. Jordan and family attended a picnic of friends from Canton, Kans., at Dixie park, Long Beach, Labor day.

Mr. and Mrs. Glenn Speck and son, Glenn Wilbert, who have been spending the summer with Mr. and Mrs. C. K. Lee, left Tuesday for Paso Robles, where Mr. Smith is principal of the junior high school.

Miss Marjorie Magill, accompanied by Mr. and Mrs. Gerald McConaughy, of Orange, and Wallace Edwards, of Anaheim, spent Labor day near Escondido.

A family reunion was enjoyed Labor day at the home of Mr. and Mrs. C. K. Lee on West Stanford street. Those present for dinner were Mr. and Mrs. Edmund Houghton and Mr. and Mrs. James H. Callahan, of Santa Susana; Miss Alma Houghton, of Los Angeles; Ernest Houghton, of San Bernardino; Mrs. Lavinia Burnett and daughter, Marjorie, of Redondo Beach; Miss Vivian Holmes and Merle Lee, of San Luis Obispo; Mr. and Mrs. Don Smith and daughter, Donna Lee, of Inglewood; Mr. and Mrs. Glenn Speck and son, Glenn Wilbert, of Paso Robles; Miss Ethelyn Lee and Mr. and Mrs. C. K. Lee.

Miss Vernon Hall, of Los Angeles, is a guest of her sorority sister, Mrs. Margaret Day Rogers.

The Rev. and Mrs. William Harkness and son have arrived from Skyland and plan to make their home with Miss Nettie Chaffee. The family is well known in Garden Grove, the Rev. Mr. Harkness having been the pastor of the Methodist Episcopal church here for several years. John Harkness will attend Santa Ana Junior college.

Mr. Everett Nummy and Mrs. A. J. Kelley were recent Long Beach visitors.

The following enjoyed a picnic supper at Irvine park recently: Misses Esther and Gladys Cookerham, Myra Lake, Doris Schurr, Frances Hammontree, Dorothy Knapp, Charlotte Michaelson and Lester Merchant, Ralph Michaelson, Jim, Bob and Don Harvey, Wayne Prior, Joe Teale and Kenneth Hunt.

G. Meiser and daughter, Dorothy, of Fullerton.

Mrs. G. R. Reyburn entertained with a 7 o'clock dinner Thursday evening in honor of her house guest, Mrs. C. E. Hammond, of Monrovia, on her birthday anniversary. An amber and yellow color scheme was carried out in the flowers for a centerpiece and glassware. Covers were placed for Mrs. C. E. Hammond, Miss Gertrude Jentges, Mr. and Mrs. C. B. Crosby and Mrs. G. R. Reyburn.

LA HABRA
LA HABRA, Sept. 13.—An organ for the junior department of the Baptist church has been purchased by a committee composed of Mrs. T. C. Jordan and Mrs. Clara B. Tracy.

Nadine Hartfield, who makes her home with her sister, Mrs. Wilbur Proud, of La Habra, has returned from Corona, where she spent the summer with Mr. and Mrs. Roy Harbor.

Clifford Fulton has returned to resume his school work after a summer spent with relatives in Orange and Oregon. He makes his home with his aunt, Mrs. C. E. Trent.

Joan Berry, daughter of Mr. and Mrs. E. R. Berry, is expected to return home soon, after spending the summer with her grandmother, Mrs. Belle Berry at Jack ranch near Bakersfield. Clyde Simpson will accompany the little girl home and will enter college here.

Mr. and Mrs. Maxon T. Wiede and daughter, Maxine, are guests of Mrs. Ida Mae Weide, of West Rose street.

A. J. Collins, chief of police of La Habra, has been recommended for the California Highway patrol.

ROCKNE IN 4TH PLACE IN CALIFORNIA

WHAT a record! What a car the Rockne must be! It wasn't even in production the first of January. Yet in July in California it reached 4th place in all car sales.

In every section America is swinging over to the Rockne—the car that's showing all low-priced cars what quality means.

Everywhere, everyone who tries the Rockne says it's wonderful—a new sensation. And so will you. Come in and prove to yourself that the Rockne has more style, more stamina, more power, more comfort, more all around quality and more equipment than any other car in the low-priced field.

HIGH PRESSURE BOYS

DO YOU KNOW that "gold brick" financing takes from the American public more than one billion dollars each year? Do you realize what it means to be on the "sucker list" of a crook stock jobber?

The biggest aid to the salesmen of such organizations—the High Pressure Boys—is public ignorance. They sweep you off your feet. They don't give you time to investigate. Worthy investments are so lasting that hurry is unnecessary.

Santa Ana Building and Loan Association Certificates are safe investments. We know that the more you investigate this Association the more you'll be convinced that it can do good things for you.

"Nature in the Raw is seldom MILD"

ATTILA—
"THE SCOURGE OF GOD"
"Nature in the Raw"—as portrayed by the great painter, Harvey Dunn... inspired by the barbaric cruelty of Asia's most dreaded plunderer... "the grass could not grow where his horse had passed"... 433-453 A.D.

—and raw tobaccos have no place in cigarettes

They are *not* present in Luckies... the *mildest* cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"

—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, the he build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON.
Does not this explain the world-wide acceptance and approval of Lucky Strike?

BOOKS AND SLIDES CROSSLEY, 145, LEADS U. S. AMATEUR Anaheim Favored Over Riverside In Series

WILLIAM BRAUCHER

Charles Grimm is a "good fellow." Therefore when photographers approached him for a group picture of his Cubs, who seemed pennant-bound, Charley consented. Several of the players had their misgivings. It is part of the old code of baseball superstition that no picture should be taken until the pennant is clinched.

Anyway, the picture was taken—and the Cubs started to lose ball games. You might charge loss of the pennant to the psychological effect of superstition on a ball player, in case you are not really superstitious. But then, suppose the Cubs win the pennant! Wouldn't that be a Grimm note?

GIBSON IN, ANYWAY
George Gibson didn't have his Pirates photographed, but pennant or no, he will be manager of the Bucs again next season. And George's problem is not so much concerned with group pictures as it is with group hitting of left-handed pitchers.

The Pirates have been push-overs for sou'winds all season, every other manager in the league keeping a couple of decent old side-winders around to toss at the Pirates.

MEAN OLD WARNEKE
This young man, Lon Warneke of the Cubs, than whom there seems to be no whomever as far as flinging is concerned, is not so kind to the camera guys as his master. He was asked to pose for some action shots recently. And the way he scolded! It was a caution, girls.

FRISCH TESTIFIES
While running around in the National league this way, it isn't a bad idea to talk to Frankie Frisch about the world series. This is to be one of the few world series in which Frankie is not billed to play, at least not at the moment. But Frank has a few well chosen words to utter about the Cubs.

"Take it from me," flashes the Fordham Flash, "those Cubs are one hard team to beat on their home grounds. It is a club that was built especially for Wrigley Field."

TAILOR-MADE TEAM
"It's an odd park, and Wrigley collected ball players to fit it. Right-handed pitchers, of which the Cubs have quite a few good ones, throw to the plate from a back-ground of white shirts in the center field bleachers.

"Wrigley obtained a flock of right-handed hitters to meet the same specifications, taking every advantage of the bleacher angle which is hard on both southpaw pitchers and batters.

"Thus, I do not think that Gomez and the powerful Yankee left-handed hitters will get very far at Wrigley Field."

TALKING BACK
Lest you take Frankie too seriously, let us remind you that he is the same man who declared the Cardinals would not miss Burleigh Grimes this year. Maybe you think they didn't!

Mr. Frisch's reason for thinking the Cards could get along without Burleigh was the rookie pitchers, who looked so good in the spring. And who do not look so hot right now.

OUTLOOK FOR DUCK HUNTERS PROMISING

SUNSET BEACH, Sept. 13.—Duck hunters are enthusiastic over this season's prospects. More big ducks have been seen early this year than for many years.

The hunting clubs have already begun pumping their ponds full of water in anticipation of the coming shooting which opens at noon October 1.

Some of the duck clubs located in the marshes back of Sunset Beach are the Westminster, the West Shore, the Los Patos, the Blue Hill, the Lomita, the Sames, the Bolso Chic and the California Rod and Gun club.

L. A. Man Lands Big Swordfish

NEWPORT BEACH, Sept. 13.—A 144-pound swordfish, landed by C. W. Francis, of Los Angeles, as he fished from the cruiser "Blue Fin," piloted by Jimmy Stephenson, was brought into the harbor Sunday afternoon. The boat was cruising about one-half mile off the entrance jetty when the catch was made. It required 55 minutes to land the fish.

LUNAR LEAGUE CHAMPS BEGIN PLAY TONIGHT

Playing at the municipal park of neutral Colton, Anaheim and Riverside tonight open a four-out-of-seven game series for the Southern California night baseball championships.

It is Anaheim's first appearance in the annual nocturnal pastime, and Riverside's initial participation since the early fall of 1929 when the Rubes completed the down fall of Long Beach's Acornas.

For the past two years—1930 and 1931—Santa Ana and Colton met in the inter-league playoffs, Santa Ana winning the championship in '30 and Colton in '31, both series going the seven-game limit and ending amidst great excitement.

Anaheim represents the National League, while Riverside is the American League.

Conceded an edge in pitching, fielding and hitting, Anaheim is rated a 2-1 choice to bring the Southern California league back to the National wheel.

Neither manager, Vic Ruedy of Anaheim or Freddy Smith of Riverside, was willing to announce a mound choice today although in most quarters it was taken for granted that "Fuzzy" Errington

would work for the Valentinas, and that the Bridge would get the call for the Islanders.

The teams return to Anaheim Friday for the second game of the series. A block of 100 tickets for seats in the covered stands back of home plate went on sale here today at Vic Walker's sporting goods store.

The series lineup:
First game, at Colton, Tuesday, Sept. 13.
Second game, at Anaheim, Friday, Sept. 16.
Third game, at Colton, Monday, Sept. 19.
Fourth game, at Anaheim, Wednesday, Sept. 21.
Fifth game, at Colton, Friday, Sept. 23.
Sixth game, at Anaheim, Tuesday, Sept. 27.
Seventh game, at place to be determined by flip of coin, Friday, Sept. 30.

Gate receipts will be pooled with the winning league drawing 60 per cent and the losing place 40 per cent. Second and third place teams in each league will receive a 10 per cent cut to be divided 60-40 from the winnings of their local representative.

HIGASHI, CONKEY, WALLACE JOIN DONS; CANCEL LONG BEACH SCRIMMAGE FRIDAY

Fifty-eight candidates had brought Santa Ana Junior college football stock to new levels today, as Coach Bill Cook made his first encouraging survey of 1932 prospects.

Fear that Hideo Higashi would not return this fall vanished yesterday when the Dons' Jack-of-all-trades joined Lucius Conkey and Bob Wilson, 1931 candidates, and seven recruits—Quimby Wallace, Lynn Chamberlain, Kenneth Gilchrist, Richard Malone, Darrell Sablin, John Tomblin and George Barry. The latter candidate hails from Huntington Beach. The Dons also expect a George Barry of Santa Ana. Barry is a guard, Barry an end.

Forward strength has been slow in reporting, although the appearance of Conkey, 1931 regular; Wallace, Santa Ana Hi guard last year; and the definite future appearance of "Bud" Staples, Tustin center; Walter Mellott, former Santa Ana center; Tom Carlyle, 1931 Saint end, and Garth Olsen, in line for a guard position, will not encourage a pessimistic outlook, especially since other line-men of note have already reported.

The work of Dick Heffron, prospective guard and tackle, and Raymond Hoar, center, particularly impressed Coach Cook yesterday. Cook likes the way Heffron charges, and the manner in which Hoar passes the ball.

ILL, GOES TO GOLFING WAR

Frances Quimet, showing the effects of his recent illness, is pictured here as he prepares to defend his National Amateur championship at Five Farms, Baltimore.

DEL MONTE, Sept. 13.—(INS)—A slender, courteous girl—"Gunny," to her heartless pals—today planned a birthday party. She will be 15 tomorrow and the occasion will be observed by the "gang" and her black and white bull pup, not to mention a flock of dolls.

The party, the pup, the dolls the "gang" and the girl would be of no news value, being just ordinary run-of-the-mill in every way, except that the girl, Clara Calender, is one of the finest golfers in the country and is picked by experts to win national and international honors before she observes many more birthdays.

Slender Clara is an unspoiled child golfing prodigy with an amazing record of improvement during the past year—a record which now definitely makes her a threat to any of the feminine stars in the country.

Defeated Mrs. Potter While she was only a surprisingly good golfer for a little girl last year, her 3 and 2 defeat of Mrs. Brent Potter, in the Del Monte women's final Sunday, stamps her now as a finished performer.

She has cut 10 strokes from her score during the past year and can now tour the Monterey peninsula course, where her father, Elliott Calender, is professional, in 79, a score to bring the pangs of envy to many a male tournament star.

Calender doesn't plan any immediate invasion of other parts of the country with his daughter, preferring to wait until she has fully developed her game.

However, Mrs. Potter and other fine golfers who watched Clara play are unanimous in their opinion that some day she will be a national titleholder.

Clara, tall for her age, and slender as a reed, plays quietly and nonchalantly, getting a long drive with an easy, full whip of her club. Her approach shots are accurate and her putting, done without fuss or much premeditation, is deadly. She is just naturally and unconsciously a great golfer.

Practices Seriously But it was a lot of practice that brought perfection—practice under the eye always of her father. He would not let her "fool around" the course with the other youngsters. Every time she swung a club she had to do it right.

"It's too bad to undo a bad habit at golf," he said. And she's never allowed to read in the papers how good she is.

"Clara," her father said, "likes her dolls, her playmates and her school. She's a normal girl and she's going to stay that way. I never allow her to read the newspaper accounts of her games."

And as for Clara, golf is still a lot of fun for her. "I like to play," she said shyly, "but really the pup and the kids are the most fun."

SPORTS BULLETINS
ST. LOUIS, Sept. 13.—(UP)—A tax lien for \$842 was filed today in United States district court against Rogers Hornsby, deposed manager of the Chicago Cubs, by W. F. Freimuth, deputy collector.

The lien is based on federal income tax, together with penalties and interest, alleged to be due from Hornsby for 1929.

GIRL, 13, NEW SENSATION OF GOLFING WORLD

DEL MONTE, Sept. 13.—(INS)—A slender, courteous girl—"Gunny," to her heartless pals—today planned a birthday party. She will be 15 tomorrow and the occasion will be observed by the "gang" and her black and white bull pup, not to mention a flock of dolls.

Slender Clara is an unspoiled child golfing prodigy with an amazing record of improvement during the past year—a record which now definitely makes her a threat to any of the feminine stars in the country.

Defeated Mrs. Potter While she was only a surprisingly good golfer for a little girl last year, her 3 and 2 defeat of Mrs. Brent Potter, in the Del Monte women's final Sunday, stamps her now as a finished performer.

She has cut 10 strokes from her score during the past year and can now tour the Monterey peninsula course, where her father, Elliott Calender, is professional, in 79, a score to bring the pangs of envy to many a male tournament star.

Calender doesn't plan any immediate invasion of other parts of the country with his daughter, preferring to wait until she has fully developed her game.

However, Mrs. Potter and other fine golfers who watched Clara play are unanimous in their opinion that some day she will be a national titleholder.

Clara, tall for her age, and slender as a reed, plays quietly and nonchalantly, getting a long drive with an easy, full whip of her club. Her approach shots are accurate and her putting, done without fuss or much premeditation, is deadly. She is just naturally and unconsciously a great golfer.

Practices Seriously But it was a lot of practice that brought perfection—practice under the eye always of her father. He would not let her "fool around" the course with the other youngsters. Every time she swung a club she had to do it right.

"It's too bad to undo a bad habit at golf," he said. And she's never allowed to read in the papers how good she is.

"Clara," her father said, "likes her dolls, her playmates and her school. She's a normal girl and she's going to stay that way. I never allow her to read the newspaper accounts of her games."

And as for Clara, golf is still a lot of fun for her. "I like to play," she said shyly, "but really the pup and the kids are the most fun."

NOE JOINS HI'S GRID SQUAD

Tackle 'Nearly As Good As Lutz' Physically Fit
HEMET BACK TRANSFERS HERE

"Smiles" was today's theme—deserve a chance in faster company. Incidentally, Oliver has definitely decided to use Jack Mitchell and Bruce Millard in the backfield this year because of a surprising shortage of ball-carriers. Mitchell and Millard had been trying out at end.

The lack of backs is almost unprecedented at Hi although it is nothing unusual for the squad to have a deficiency of linemen. The coaching staff attributes the current backfield depression to the fact that four of the squad's six lettermen, Conrad, Kilder, Mitchell and Montgomery, are ball-packers.

The necessity for more half-backs being truly a serious one, Oliver derived obvious satisfaction from the arrival of a transfer from Hemet Hi, one Ray Rogers, 170 pounds, who earned a letter at the inland institution and still has another year of eligibility here beside this one.

Among other men reporting for the first time were four who showed unmistakable promise during spring training—Alfred Oilphand and Gene Wood, ends, and Wyman Lemon and Don Martin, guards. Lemon is a prospective regular.

Additional newcomers were John Williams, 160-pound sophomore tackle from Pacific Military academy, Long Beach. Bruce Echols, sophomore end; Jimmy Siefert, tackle, and Elmer Vardy, 212-pound sophomore.

Caught on the fly: A. J. McFadden, Saint hero of the dim past, has a son on the squad named Robert who plays a nice game at tackle.... Art Strancke, the hard-hitting fullback who is giving Captain "Red" Kilder a run for his job, looked especially good in scrimmage yesterday.... Waldo Smith, one of the quarterbacks, has the flu.... Herb Duncan still looks like the squad's best kicker but if he plays center he is not likely to be pulled out of the line to do the booting although "Toy" Blower often was when he played and in 1930 Strancke, Kilder, Conrad and Montgomery, in that order, are the leading spiral-generators.... All reports to the contrary notwithstanding, Poly field railbirds think that Santa Ana's backfield at kickoff time October 8 (Long Beach) will be Conrad, G. Mitchell, Kilder, Strancke, f.... "Tex" Harris would rather play quarterback than end and Francis Conrad prefers left half to quarter.

Coach Oliver rearranged his three first team again, one of the most important changes putting Walt Hendrie instead of Clarence Bolton at right end on the first string. There was nothing wrong with Bolton's work but Hendrie has improved rapidly enough to

beat Juke Savoldi Although Juke Savoldi is the man who almost ruined "Jumping Joe" Savoldi a few months ago at Wilmington, and should enter the ring favorite to turn back his Oklahoma rival, the latter's real ability never has been disclosed, it is claimed and in case he opens up Kruskamp will be in for a trimming.

Matching his speed and devastating tackles against the powerful headlocks and body-slams of his opponent, Kruskamp realizes that in Strongbow he is due to face one of his most formidable foes and a man likely to wear him down should the bout last more than an hour.

Kruskamp is in San Francisco at present but will leave the Northern city tomorrow morning so as to arrive in this section in time for the scheduled match.

WESTLAND AND SEAVER TRAIL BOY SENSATION

BALTIMORE COUNTRY CLUB, Md., Sept. 13.—(UP)—Wilfred Crossley, 19, Dedham, Mass., was the pace setter today as second and final qualifying rounds of the National Amateur golf championship was played.

This former Massachusetts junior champion had an aggregate of 145, which should place him among the first half dozen of the 32 players to qualify for match play starting tomorrow.

He scored 73, three over par, in today's round, and had a 72 Monday. His 33 going out today was the lowest mark for nine holes made thus far in the tournament, but erratic putting made him write down a 39 for his incoming nine.

Jack Westland of Chicago, Ill., was a stroke behind Crossley. Westland, runner-up to Champion Francis Ouimet in 1931, went out in par 35 today, but skidded to 40, five over par, on the incoming nine to total 75 for the round and to hold a two-day aggregate of 146.

Next came Charley Seaver, the youngster from Los Angeles, with 38's on each of today's nines, a round total of 72 and a grand total of 147.

Others safely within the qualification limit were George Voigt, New York, 148; W. O. Blaney, West Newton, Mass., 149; John E. Parker Jr., West Orange, N. J., 149; Lawson Little, San Francisco, 150; Maurice McCarthy, Harrison, N. Y., 150; M. P. Warner, New Haven, Conn., 151.

Best opinion was that 152 was the probable limit of qualification. Among the stars who were well above this mark was Harrison (Jimmy) Johnston of St. Paul, champion in 1929. Johnston, who failed to qualify in 1930 and in 1931, had a 155 total and seemed doomed to a third failure.

Another ace who failed was Lister Hartley, British Walker copper, with 158.

Johnny Fischer, University of Michigan sophomore, holder of the intercollegiate title, was out in 36, one over par, today, after having led the field with a sub par 69 yesterday.

GANDHI POWER GROWS THOUGH HELD IN JAIL

BY MILTON BRONNER
European Manager, NEA Service
Copyright 1932, NEA Service, Inc.)

LONDON, Sept. 13.—Just because Mahatma Gandhi is locked up by the British in Yeravda jail near Poona, India, and little has been heard of him recently, millions of people in America nonetheless imagine that he is a spent political and national force—something like an extinct volcano.

Just the reverse is true. In prison today, Gandhi is as powerful as he ever was in his freedom; if anything, more powerful. In freedom, he was merely a leader. In prison, to his followers, Gandhi is also a saint and a martyr.

The indignation with which India seethes as the result of the British government's recently announced plan for proportional Hindu and Moslem representation in the provincial legislatures proves the point. Gandhi wanted Indian freedom, nothing less. His followers still want it.

Retain British Control
The British government's arbitrary solution of the division of power to which India's 70,000,000 Moslems and several hundred mil-

GANDHI STILL INDIA'S IDOL

lion Hindus were never able to agree, affects one-fifth of the population of the earth. It gives both faiths representation in the legislatures, but retains British control of the vast human cauldron that is India.

Certain that he was to be arrested upon his return from the futile Indian Round Table Conference in London last winter, Gandhi and his lieutenants had made plans for their work to go on. And the work still goes on.

Five days after Gandhi landed at Bombay from London, he was jailed "for the duration of the pleasure of the British government." Since that time, according to a recent admission in British parliament, some 26,000 other Hindus have been arrested and jailed. Gandhi followers say the number is closer to 60,000.

Work Goes On
With all the leaders of the Indian National Congress in jail or rendered silent, British authorities doubtless thought that the Gandhi movement would fall to pieces. But it has been carried on by tens of thousands of humble workers in their own way.

Attempts are still made to hold meetings and parades. There is still picketing of shops selling foreign goods; there are strikes against paying taxes and rents. Despite British oppression, the movement still goes on.

NATION'S BIRTHRATE DROPS 5.8 PER CENT

NEW YORK, Sept. 13.—The birthrate in the United States, reacting to the prolonged period of lowered business activity, registered the unusual decline of 5.8 per cent for 1931 as compared with 1929, according to the statistical bulletin of the Metropolitan Life Insurance company. The bulletin also forecasts that in 1932 this birth rate will reach a new low point, to which the observed long-time downward trend would not have brought it until 1934 or later.

The decrease in the birth rate is stated to be much more pronounced among the industrial than the agricultural population, although it is pointed out that the greatest percentage of decline, 14.1 per cent, is shown in the

distinctly non-industrial state of Arizona.

The decline in the birth rate is not confined to the United States. European countries, which have been under even greater economic stress, have shown similar declines.

'TENDERFOOT' ENDS ENGAGEMENT HERE

Joe E. Brown, affectionately regarded as the current king of comedians, follows up his "Fireman, Save My Child" success with "The Tenderfoot," a first National picture which closes tonight at Walker's State theater.

In his latest, wide-mouthed Joe portrays a Texas rancher who comes to New York with the last of his money, which he intends to invest profitably so he can lift the mortgage on his ranch. Armed with his money and his six-shooters, Joe becomes involved with a theatrical producer, falls in love, buys a show which is a failure, miraculously and unwittingly turns the show into a howling success, gets mixed up with lawyers and ladies, eventually overcoming all obstacles, lifting the mortgage and winning the gal.

In "The Tenderfoot," Joe is supported by an especially selected cast, with Ginger Rogers in the feminine lead. Lew Cody and Robert Greig appear as theatrical producers. Vivian Oakland is seen as a temperamental star.

LOOKING UP

(A Column of Optimistic Comment on News of the Day)
By S. G. RUBINOW
of the University of California

SACRAMENTO, Cal., Sept. 13.—(UP)—People living in the United States ought to be thankful for one thing these days. And that is, there is such an institution as the American newspaper.

American newspapers, more than anything else are the barometers of times and conditions. They are, by their very nature, fountain-heads of basic optimism.

The chief difference between pessimism and optimism is a state of mind. And right now newspapers are doing more than their share in driving pessimism out of the minds of the American people.

All economists agree that the depression out of which we are now climbing was augmented when folks started to hoard money.

People don't hoard money naturally. Hoarding is caused by fear. As fear vanishes, when pessimism is dispelled, hoarding stops, money comes back into circulation, credits advance, business speeds up, employment increases, and that state, described as "normalcy" comes again into being.

When you come right down to facts, there never was more than five billions of cold, hard cash in the United States at one time.

But the credit built up from those five billions, expanded, put into productive enterprises, expressed in terms of credit and its elasticity, created a huge monetary vehicle on which the United States rode into prosperity.

When pessimism was substituted for optimism, and hoarding took the place of circulation, prosperity fell and was displaced by depression.

Now, as a matter of fact, the amount of cold, hard cash in the United States remained the same. We still have the gold or its equivalent. We still have the same number of business enterprises, and the same amount of natural resources.

To make the picture still more optimistic, add the constantly growing number and variety of constructive inventions, which contribute utilities of one kind or another to human wealth and welfare.

And then, if what the statisticians tell us is true, a decrease in birth rates, disposing of the problem of over-population as related to distribution of wealth, means that the per capita wealth of individuals is increasing.

In other words, the prediction of the end of depression and the beginning of former prosperity, as described in news items, forecasts, editorial opinions, and by interviews, in your newspaper and mine, is correct.

Read carefully these items in your newspaper. See how they react to your own feelings in the matter.

Take the back-to-the-land movement, for example. All such movements, according to history, begin at the end of depressions. Shifts of population from city to country, large enough to be recognized as distinct movements, come only at the beginnings of periods of prosperity.

Such a back-to-the-land movement is now in progress. From the viewpoint of California, it is the more fortunate that the di-

**ILLUSTRATIONS FOR BOOK
OF INDIAN LORE WIN WARM
PRAISE FROM L. A. CRITIC**

Interest in the reprinting of the famous book on California Indians "Chingichinich," written in 1846 by Father Geronimo Boscana, of San Juan Capistrano mission, and now in progress of reprinting by the Santa Ana High school press, has been quickened in this community, by the praise of Arthur Millier, well known art critic of the Los Angeles Times, for the work of Miss Jean Goodwin, Santa Ana artist to whom has been entrusted the work of illustrating the new edition.

Three of Miss Goodwin's prints done for "Chingichinich," were with other studies, in the exhibit which the "Los Angeles Print Group" showed last week in the public library lecture room of that city, and in reviewing the work Millier declared that five artists of very marked individuality, stood out in the show. Miss Goodwin was included in this group of five, all of whom were declared to have "something definite and unconventional to say," and to "say it with distinction."

Of the work of Miss Goodwin in particular, the critic stated "Jean Goodwin is unique. She unites the delicious, kindly humor, which seems the special province of woman, with a faculty for clear statement and good color. Her color blocks of 'Indian Sunset,' 'Legend of the Bird' and 'Chingichinich Ascends to the Stars' treat Indian myth with that mixture of love and humor which Anatole France brought to his treatment of the saints. And who would not like her 'Horses' on his wall?"

The complete set of five illustrations for the Indian book is included in the art exhibit at the Los Angeles county fair in Pomona. Miss Goodwin, their creator, is to teach linoleum and wood block cutting in the Santa Ana school classes which will begin September 26. She is the daughter of Mr. and Mrs. J. R. Goodwin, 606 East Santa Clara avenue.

The book, "Chingichinich," is recognized as an authority on Indian history of California, and because of its rarity, has been reprinted on the local press through the efforts of Dr. John Harrington of the Bureau of American Ethnology, Smithsonian Institution. Because of the labor involved in annotating the book and preparing it for publication, Dr. Harrington has spent the summer in Santa Ana. His work among the Indians received special recognition late in July when he was initiated into one of the Pala tribes near Rincon in San Diego county, in connection with the old tribal "Ceremony of the Dead."

Dr. Harrington received the Indian name of Pahavit, or Morning Star. At the same time, Miss Jane McGee, daughter of Billy Magee of Santa Margarita Rancho near San Capistrano, was received into the tribe in deference to the memory of her grandmother, Mrs. Victoria Magee, known by the Indians as Saint Victoria because of her kindness to them. Miss Jane received the tribal name of Tishmanil, or Hummingbird.

Chief Calao of the united tribes, the Pechengas, Mesa Grandes, Cahullias, etc., and a close friend and co-worker of Dr. Harrington, is in Santa Ana this week as a guest in the Harrington home on East Second street.

**KIWANIS CLUB
TO NOMINATE
NEW OFFICERS**

Nomination of officers to serve for the ensuing fiscal term will be a feature of the regular weekly meeting of the Kiwanis club which will be held tomorrow noon in Ketter's cafe. It was announced today by W. B. Martin, secretary.

Ballots will be placed by the plates of each club member. Members were asked to put down the name of the man believed to be best qualified for each of the positions. Later, members will vote on those nominated.

A president, vice president, treasurer and three directors are to be elected. Retiring officers are President Fred Newcomb, Vice President Fred Crowell, Treasurer R. B. Newcomb, Directors L. G. Moore, Noah E. Mayhill and George S. Smith.

Harry Owing will present his "Gospel of Laughter" as the featured entertainment of the meeting. John Cranston is chairman of the day.

The forum, a club feature, will be held on September 21. At this time, the following Kiwanians will make three-minute Kiwanis: W. J. Tway, Harry Westover, Loyal King, Roy George, Ed Swift, Ellis Diehl and Sam Hurwitz. The winner of the preliminary contest will be sent to La Habra in the forum contest of this district.

The winner in the La Habra contest will be sent to San Francisco to compete at the state convention. The La Habra meeting will be at 6:30 p. m. and a dinner will be served. This will be an inter-club event and District Trustee Charles Walker will be in charge of the event for the local club.

**Builders Will
Select Delegates
To State Meeting**

Delegates from the Orange County Builders' Exchange to the annual meeting of the California State Building Exchange, Limited, will be selected on September 20, will be announced today by Frederic Sanford, secretary.

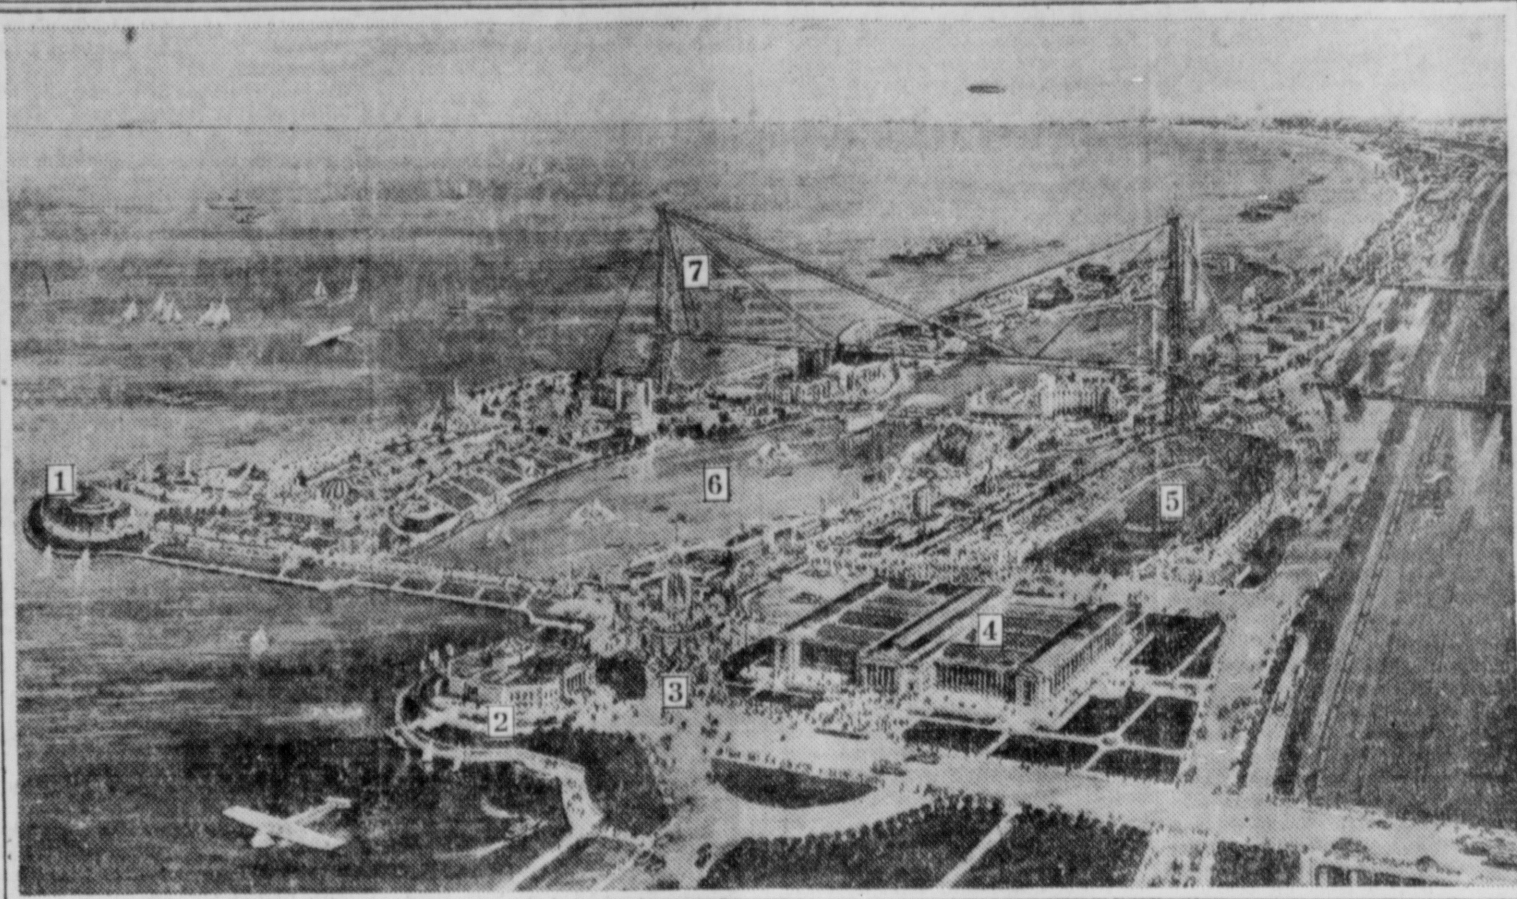

Sanford, who is secretary of the state organization, will accompany the delegates to the state convention, which will be held in Stockton on September 30 and October 1. Election of a board of directors will be a feature of the meeting. Officers will be named by the directors at a meeting immediately following the convention.

Many subjects of interest to those engaged in the building and allied trades will be discussed and acted upon at the convention.

FIRST SKETCH OF CHICAGO'S WORLD FAIR SETTING

Here is the first and only official sketch of the 1933 world fair—Chicago's "Century of Progress Exposition"—showing the arrangement of buildings as they will appear when the gates are thrown open on Chicago's lake front June 1, 1933. Designated by numbers are: (1) Adler planetarium; (2) Shedd aquarium; (3) Main exposition entrance; (4) Field museum; (5) Soldier field; (6) Lagoon; and (7) "Sky Ride." Here will be shown the displays depicting the advance from the stagecoach and candlelight days of 1833 to the wonders of the modern world. The site covers 800 acres on the lake front. Twenty million dollars is being spent, 400 famous scientists are devoting their efforts toward arranging the marvelous displays and an army of workmen is erecting buildings for this great spectacle.

**HONOR COLLINS
AS NOMINEE
FOR CONGRESS**

District Attorney Sam Collins was honored at a dinner at McFarland's cafe in Fullerton last night, with Justice Emerson J. Marks, of the fourth district court of appeals, as principal speaker for the occasion.

The affair was held as a celebration of the nomination of the Orange county district attorney as the Republican candidate for congress from the newly formed nineteenth district, including Orange, Riverside and San Bernardino counties. In addition to numerous guests who spoke, many who could not attend sent letters of congratulations to the candidate.

C. C. Chapman, veteran Republican of Orange county, was chairman and T. L. McFadden, Anaheim attorney, was toastmaster. Those who spoke were W. B. Williams, Santa Ana; R. Y. Williams, Capistrano; Joe Burke, Santa Ana; S. C. Harrington, Fullerton; L. H. A. Johnson, Anaheim; W. Kee Maxwell, Fullerton; Judge F. C. Drumm, Santa Ana; Lotus London, Anaheim; Justus Craemer, Orange; C. C. Chapman, Fullerton; P. A. Stanton, Brookhurst road, Fullerton; Terry E. Stephenson, Santa Ana.

Ed Backs of Placentia sang a group of solo numbers and Dr. W. H. Wickert and the orchestra of the Kiwanis club led the singing.

PLAN MISSION PROGRAM

WESTMINSTER, Sept. 13.—The Presbyterian Missionary society meets at the church hall Wednesday afternoon. A program on missions will be held.

**Baptist Cabinet
Meeting Thursday**

The next cabinet meeting of the First Baptist church Sunday school officials will be held at 6:30 o'clock Thursday night. It was announced today by Frederic Sanford, superintendent.

It is important that each department superintendent and as many teachers as possible attend the meeting, which will start with a dinner, Sanford said. Many important matters and plans for the coming fall and winter months will be discussed. Reports will be made from each Sunday school branch.

**SATURDAY IS
ORANGE COUNTY
DAY AT FAIR**

Large crowds of Orange county citizens are expected to attend the Los Angeles County Fair at Pomona next Saturday, which has been designated as Orange County Day. Local interest is centering on the fair, as many Orange county exhibits will be on display in the mammoth show and the county agricultural district is officially affiliated with the fair, which also includes Riverside county.

Free admission tickets and special transportation at a reduced rate were arranged by the Orange County Chamber of Commerce for school children from Orange county for Orange County Day only.

The Motor Transit company has arranged special round trip rates from Santa Ana for next Saturday. Buses will leave the Motor Transit station, Third and Spurgeon streets, from 9 a. m. to 11 a. m. as soon as they are loaded. Returning they will leave from Pomona from 3:30 until 6 p. m. Buses will be standing at the entrance gate and will leave as loaded.

Tickets will be sold at the Motor Transit depot and reservations must be made in advance, not later than 4 p. m. Friday. Free tickets to the fair were given all children who reported for school on the opening day yesterday.

**LARGEST WATCH
IN WORLD ON
DISPLAY HERE**

The largest watch in the world, and the smallest, are on display in Santa Ana this week, according to an announcement made today by William C. Lorenz, jeweler. The display opened yesterday at the store on East Fourth street and attracted much attention.

The two watches are said to be outstanding achievements of the watchmakers' craft. Both were created by the Omega Watch company of Switzerland. The large watch is 43 inches high from its metal base and weighs 500 pounds. It was created by master watchmakers of Switzerland at a cost of \$3000, and has been exhibited in the great capitals of the world.

Nothing similar to the giant watch has been seen in this section. The spring is 20 feet in length with a driving power of 90 pounds. The movement alone weighs 165 pounds. The case weighs 130 pounds. Incorporated in the movement are 17 blueagate jewels. The works can be seen in operation, keeping accurate time, through the glass face that covers it.

The miniature watch weighs but one-quarter of an ounce. It contains 175 separate parts and was made with 1650 distinct operations. The tiny watch is said to keep accurate time. The movement alone is estimated to be worth \$500 while a suitable case would cost another \$500, Lorenz said.

MRS. SMALL HOSTESS

YORBA LINDA, Sept. 13.—Mrs. James A. Small entertained at her home recently, the tables being set for Mr. and Mrs. E. R. Walker, Mrs. Jeannette Blattner, Miss Marsha Vernon, Mrs. Walter Moore, Mr. and Mrs. Walter Mars and Walter Franz and Mr. and Mrs. A. D. McDavid and the hostess and her husband. Prize winners were Mr. and Mrs. McDavid, firsts, and Mr. and Mrs. Walker, consolations.

**DENIES GUILT IN
STOCK SALE DEAL**

P. A. Williams, accused of grand theft and violation of the Corporation Securities act, was arraigned in department two, superior court yesterday afternoon and pleaded not guilty to the charge. His trial was set for September 25 and bail at \$5000.

According to the complaint on which he was arrested Williams is accused of grand theft of \$225 from D. E. Claypool through the sale of 600 share of capital stock in the Gold Rescue Mine Company.

The stock, according to the complaint, was issued under Williams' direction and sold by him while he was secretary of the company and was sold without a permit from the state corporation commissioner.

**SANTA ANA AMONG LEADERS
ON COAST IN CONSTRUCTION
ACTIVITIES DURING AUGUST**

Santa Ana again ranked among the first 25 cities on the Pacific coast in building permits issued during the month of August of this year, it is shown in a monthly survey prepared by S. W. Straus and company which was released today.

Not only that, but it was one of three cities on the coast showing an increase over August, 1931, and one of 19 showing an increase over July, 1932.

Pacific coast building permits show a substantial improvement over those issued in July, according to the report. Permits reported by the 25 leading Pacific coast cities show a volume in August of \$4,332,028, compared with \$3,187,460 for the 25 ranking cities in July. The Santa Ana figures were \$31,141 for August 1932; \$12,410 for July 1932; and \$24,058 for August 1931.

Santa Ana was also included in the 19 cities reporting largest volume of permits which showed an increase over the preceding month. San Francisco, Vancouver, B. C., cities which reflected an increase over the same month of last year.

The 19 cities showing an increase in volume over July were San Francisco, Vancouver, B. C., Pasadena, Torrance, San Diego, Seattle, Beverly Hills, Sacramento, Glendale, Berkeley, Spokane, Salt Lake, San Mateo, Fresno, Palo Alto, Santa Barbara, Salem, Santa Ana and Tacoma.

The three cities showing an increase of August 1931, were Vancouver, B. C., Torrance and Santa Ana.

San Francisco replaced Los Angeles as the leading Pacific Coast city. Vancouver continued to hold third place and was followed by Pasadena, Portland, Torrance, San Diego and Seattle.

Six cities on the Pacific coast not in the first 25 last month, were added to this group of 25 most active in building construction during August. They were Glendale, Salt Lake, San Mateo, Palo Alto, Santa Ana and Salem.

**NEW CLOSING HOUR
FOR EDISON OFFICE**

Working towards a five-day week plan, the offices of the Southern California Edison company here will close at noon on Saturdays. The plan will go into effect on September 17, it was announced today by R. L. Bacon, district manager.

Employees of the company have been on a five-day week working schedule for some time, Bacon said. The Edison company, he said is following the lead of other utilities in closing the office at noon on Saturdays.

**Arrange Dinner
In Brea Church**

BREA, Sept. 13.—The Woman's guild of the Brea Congregational church will have charge of a pot luck dinner at 6:15 o'clock Wednesday, being the first of the fellowship dinners after the vacation time. All members and friends are welcome. The regular mid-week meeting will be held at 7:30 o'clock, with discussion by the pastor on "Past, Present and Future." Installation Ceremonies Conducted By Women's Club

MISS PROCTOR TAKES OFFICE AS PRESIDENT

ORANGE, Sept. 13.—With Mrs. Mabelle C. Hawley, of Anaheim, president of the Orange County Business and Professional Women's club, acting as installing officer, officers of the Orange Business and Professional Women's club were inducted last night with appropriate ceremonies at the first formal meeting of the new club year. The meeting was held at the Woman's clubhouse and was opened with a dinner served by members of the Woman's club. Tables stressed a fall motif and were centered with bouquets of dahlias.

New officers of the club are, president, Miss Adelaide Proctor; first vice president, Mrs. Joe Shell; second vice president, Miss Ella Klauernmeyer; secretary, Miss Florence Moreland; treasurer, Mrs. Mabel Coburn; auditor, Miss Leona Freeman; directors, Miss Ruth Parker, Mrs. Florence Donegan and Miss Marjorie Condon.

Reports of the delegates to the state convention were given by Mrs. Billy Porter, Mrs. Ivy Lee, Miss Gertrude Kleiner and Miss Proctor. The quartet presented the club with a small barrel of money collected on the trip to the Yosemite, where the convention was held. Mrs. Lee reported that two members of the club, Mrs. Jewel Gullidge and Mrs. Mabel Coburn, were recovering from illnesses.

Miss Ruth Parker, president of the club for the past year, was presented with a lovely orange by Mrs. Gladys Weatherbee as she entered the clubhouse. Mrs. Florence McCoy presented Miss Parker with a past president's pin. Each officer was presented with a corsage as she was installed and Mrs. Hathaway and Miss Proctor were presented with bouquets. Mrs. McCoy making the presentation. Miss Proctor made a short talk in accepting the leadership of the club for the coming year.

A delightful feature of the evening was a musical program given by Miss Josephine Durgan, well known lyric soprano, who sang a group of Indian selections accompanied by Miss Adelaide Proctor.

Mrs. Billy Porter presented the club with a game of raffle. Guests of the evening were Mrs. S. N. Andrews, Miss Ruth Bower, of Santa Ana, and Mrs. Proctor. Present at the meeting other than the guests were Miss Ruth Parker, Miss Adelaide Proctor, Mrs. Joe Shell, Miss Florence Moreland, Miss Marjorie Condon, Miss Leona Freeman, Mrs. Florence Donegan, Mrs. Mabel Coburn, Miss Bertha Robinson, Mrs. Florence McCoy, Miss Bertha Robinson, Mrs. Myrtle Davis, Miss Mildred Chandler, Mrs. Yvonne Hertert Wing, Mrs. Mabel Faulkner and Miss Mabel Lush.

SALARIES OF CITY EMPLOYEES REDUCED

ORANGE, Sept. 13.—At a meeting of the Orange city council yesterday a further reduction was made in the salaries of a number of employees. A cut in salaries was made some time ago and yesterday's cut calls for a reduction of salary for the city janitor, E. A. Kern, from \$115 to \$110; W. E. Vickers, E. B. Higgins, C. R. Olds and H. E. Sisson, fire truck drivers, from \$140 to \$130.

First engineer at the water works, George Williams, cut from \$148.50 to \$140; second engineer, Ernest Davis, \$130 to \$125; A. H. Einspahr, meter reader, from \$130 to \$125; tractor and truck drivers, John Wooten, C. H. Neuschwander, George Gill, E. J. McAdoo and Lee Reddan, reduced from a daily wage of \$4.50 to \$4.

Frank Dale, building inspector, was reduced from a straight salary to the fees collected from building, electrical and plumbing permits and inspection fees collected until further order of the council.

FUN FOR THE WHOLE FAMILY

THE TINYMITES

While hanging to the great, tall tree one Tiny said, "It seems to me that we have been real lucky. That kite saved us from a flop. I know, by looking all around, that we'd have plunked down on the ground. The kite brought us right to this tree and broke an awful drop."

Another added, "You are right! And now look at the poor old kite. It hit the tree and broke apart. Its flying days are over."

"I wish that we could keep the thing. 'Twas like a big bird on the wing. But we will have to leave it here. It's no good any more."

Then Scouty said, "Let's scramble round the branches till we reach the ground. I'm tired of hanging to this limb, just swaying in the air."

"Although the tree is very tall, if we are careful we won't fall. Please take your time or we will likely have another scare."

So, down they started, one by one. The stunt was anything but

fun. They all were careful that they didn't take a sudden slip. Wee Windy shouted, "Goodness knows that we will have to watch our clothes. We have no way of sewing them again if they should rip."

When they were half way to the ground, one of the Tines looked around and cried, "This is a fruit tree! Why, there's lovely fruit galore!"

Another added, "You are right. A lot of fine pears are in store. Of course they all were tickled with so fine a treat in store."

"Gee! There's a long limb," Duncy cried. "We'll sit upon it, side by side and eat all of the fruit we want. I'm hungry as can be."

"Right from the limb we can reach out and get the pears we want no doubt!" And, as they started reaching, 'twas a funny sight to see.

Beach Citizens Call Protest Meeting In Bay Dispute

LIST TEACHERS OF PLACENTIA GRADE SCHOOLS

PLACENTIA, Sept. 13.—Recommendations of Glenn Riddlebarger, superintendent, for placement of teachers in the Placentia Union Grammar Schools, were accepted by the school board last night, subject to change, at the meeting at the Bradford Avenue school.

More than an hour of the meeting was spent in closed session, where members of the board conferred with Mrs. Agnes Rapp, for the past two years a teacher at the school, and among those who were not employed this year.

Besides discussion of the teacher placement, the board let the contract for piano tuning for \$30 a year. Members voted to not employ L. L. Gilmore, part time music teacher in charge of orchestra instruction, in the interest of economy. Le Roy Lyon, president, was given power to act in placing bus insurance. Releases from living in Placentia were given Mrs. Ruth Benton and Mrs. Katherine Hampton, teachers who own homes outside the district.

It was agreed that the argument concerning use of the ball grounds at night for practice by the Placentia team, and continued between Reuben Robbins, caretaker of the grounds, and members of the team, is to be settled by a conference between H. O. Easton, who wrote a letter of complaint, and Robbins.

Dr. Julius Merrian is to continue as supervisor of the directed play study at the La Jolla school.

The approved faculty list, subject to change, includes Glenn A. Riddlebarger, superintendent, Bradford Avenue school, Bessie E. Clarke, principal, Marjorie Fox, 8-1 grade and mathematics; Margaret Dean, 7 and 8 and social science and physical education; Gladys Klotz, 7-1, English; Carolyn Strong, 6-1; Cleo Holder, 6-2; Miriam Maxfield, 5-1; Mrs. Olive Smith, 5 and 4; Helen Wilson, 4-1; Cora Willis, 1, 2 and 3; Eleanor Kent, 3; Thelma Burdett, 2; Katherine May, 1, and Lois Schroeder, kindergarten.

Special teachers, Lily Hansen, music; Gladys Shepherd, art; Mabel Anderson, domestic science; Glen Krepes, manual arts and physical education; Marie Beck, nurse and truant officer; Cora Pickenpaugh, assistant nurse, and Clara Woodward, secretary.

Baker street school, Lucy Robinson, 7 and 8 grades; Bessie Twombly, principal and 5 and 6; Olive Johnson, 4; Vera Crooks, 3; Katherine Hampton, 2; Ruth Benton, 1, and Flora Sloop, 1.

Richfield school, Orpha Morse, 6, 7 and 8; Theresa Ross, 4 and 5; Ruby Saylor, 2 and 3; Zella Salverson, 1 and Marian Harlow, 1. Mrs. Salverson is principal.

At La Jolla, Edythe Phillips is principal and teachers first; Martha Schwoob teachers first and Geneva Newbold 3 and 4.

The schools open for registration next Monday at 9 o'clock, and regular class work starts Tuesday.

MESA ENROLLMENT SHOWS INCREASE

COSTA MESA, Sept. 13.—Enrollment at the local grammar schools yesterday was unusually heavy, with a total of 670, distributed as follows: Main school with eight grades represented, 463; Lindbergh school, six grades included, 131; Monte Vista (Mexican) also six grades, 76.

At the Main school the first five grades are over enrolled and some will have to be transferred to the Lindbergh school, according to Henry Abrams, district superintendent.

Placentia Scout First In Anaheim Swimming Contest

PLACENTIA, Sept. 13.—Roy Hill, Placentia Boy Scout, took 15 points, with three firsts, at the Boy Scout swimming contest, held last night at Anaheim, where teams from Anaheim, Brea and Placentia.

Anaheim team won the meet with 44 points. Placentia was second, with 26 points, and Brea third with 20 points.

Boys competing from Placentia were Roy and Bobby Hill, Carlton and Charles Feenster, Bill Hale, Dee McCormach, Henry Harms and Buster Barbre.

WESTMINSTER, Sept. 13.—Members of the Westminster P-T. A. will meet September 20 to elect three officers, Mrs. Pearl Hill, president; Mrs. Ned Clinton, program chairman, and Mrs. Glenn Wells, treasurer, having resigned.

Mrs. C. G. Carter and Mrs. R. I. Johnson have been selected as substitute teachers here.

Mrs. William Broyles, vice president, will preside at the meeting on September 20.

Two Fishermen Ordered To Pay \$10 License Fee

COSTA MESA, Sept. 13.—In Judge D. J. Dodge's court yesterday Luke Ozens and Jim Paschell pleaded guilty to violating the commercial fishing laws. Each received a suspended sentence with the condition that the license fee of \$10 be paid at once.

The hearing for B. D. Shaffer and W. E. Shaffer was scheduled for today. The complaint against the fishermen was filed by B. L. Van Vorhis, state fish and game warden.

NEW OFFICERS SELECTED FOR LEGION GROUP

BUENA PARK, Sept. 13.—Members of the American Legion auxiliary held their regular meeting in the Legion hall Monday evening. Opening ceremonies were observed, with President K. A. Thompson presiding. Election of the remaining officers to be chosen for the new year's work was held and Mrs. Viola Cowan was elected to serve as secretary and treasurer; Mrs. Ida Ramirez, historian; Mrs. Audrey Parker, musician; Mrs. Ramirez, Mrs. Audrey Parker and Mrs. Winifred Sophia were unanimously elected to serve on the executive board.

Plans were made for attending the joint installation ceremonies of Anaheim, Fullerton and Buena Park Legion officers at Hillcrest park this evening. A 6 o'clock picnic supper will be enjoyed.

A bazaar will be held by the local auxiliary this fall. Visitors introduced were Mrs. Lillian Thorpe, past president of the Garden Grove auxiliary and present county council marshal; Mrs. Rodabaugh, who moved here recently from Inglewood, who will be with her sister, Mrs. Audrey Parker. Mrs. Ramirez announced that the local unit will entertain the county council of the Legion on October 14.

FLAG CEREMONIES FOR LEGION POST

COSTA MESA, Sept. 13.—A brief but expressive ceremony marked the raising of the tall flag pole at the headquarters of Costa Mesa post No. 455, American Legion on the Derby ranch at 10 o'clock Sunday morning.

A gold plate bearing the date and post number and name was set into the solid concrete of the base, and beside the tall pole and in its foundation was buried a parchment bearing the signatures of all members of the World War. It is fitting that this anniversary find those who participated in that offensive dedicating their efforts to the cause of peace that our comrades who fell may not have died in vain.

A meeting of the "Fiesta del Oro 1934" committee was held following the raising of the pole. Every member of this post is working on this committee in some capacity. Commander John Wilcox pointed out, and many posts throughout the county have already offered to help and signified their intention of entering features to the event, which promises to become an Annual Fiesta of considerable importance to the county.

Sol Gonzales, of Santa Ana, is entering a Spanish feature of great proportions and magnificence and will assure in itself entertainment. An elaborate ceremony is being prepared for the official flag raising, October 8.

VOTE REFUSED ON TIDELANDS DRILLING PLAN

HUNTINGTON BEACH, Sept. 13.—The matter of endorsement of the tideland grant came up at the noon meeting of the chamber of commerce at the Coffee Cup cafe yesterday. City Attorney Ray Overacker introduced a resolution which provided that the chamber endorse the proposition to be voted on at the election November 8. President Willis Osborn of the chamber promptly ruled the resolution out of order.

Osborn stated that matters of that character should properly come before the board of directors of the chamber, and not be brought up at the noon luncheon of the members. An attempt was made by Roy White to appeal from the ruling of the chair but this also failed as the chairman adjourned the meeting.

Osborn stated that some questions coming before the noon meetings tended to disrupt the meetings and to disturb the harmony of the organization. He stated that the noon meetings were for the discussion of topics not involving strictly chamber of commerce management, or executive policies.

The board of directors will meet Thursday night of this week. Whether or not the matter will be brought before the directors has not been announced by the Huntington Beach Improvement association, which is handling the campaign to obtain the tidelands for the city by vote of the people.

The tideland grant carries a provision giving the city the right to drill the beach for oil, and a lease has already been made by the council on the tidelands to the Pacific Exploration company. Several months ago the chamber of commerce at a noon meeting adopted a resolution opposing tideland drilling. This matter afterward came before the board of directors, President Osborn stated following yesterday's meeting. At that time the sentiment was expressed that matters of club policy of this character should be brought before the directors rather than at the noon luncheons.

PARTY ENJOYED BY LUTHERAN SCHOOL HAS 53 STUDENTS

COSTA MESA, Sept. 13.—An outdoor party was held at the home of W. Rowntree of Victoria street recently when he was host to the True Blue Sunday school class of the Community church. A huge bonfire was used as the center for many games.

This was a costume affair and the young women all dressed as children. Prizes were awarded for the most appropriate costumes. Ardeth Lowe received first prize for her dainty costume of crisp orpards with its perky bows. Doris Rittenhouse received the second favor.

Mr. and Mrs. H. R. McMurtry served as judges. After several hours of games outdoors, the group was further entertained in the Rowntree home, where refreshments of lemonade and cakes were served.

Besides the above mentioned those present were Mrs. W. W. Carruthers, class teacher; Eleanor Hilliard, Ruth Watson, Marion Hanson, Genevieve Clark, Edna Steel, Naomi Knox, Evelyn Rolins, Miyeko Kurihara, Eleanor Brooks, Nancy Holt, Ellen McFadden, Neva Knottling and Margaret Willcutt.

Esslingers Plan Visit To Vienna

SAN CLEMENTE, Sept. 13.—Dr. Paul Esslinger, San Clemente and San Juan Capistrano physician, will leave for Vienna Thursday morning, accompanied by his wife. The Esslingers will go from Los Angeles to Kansas City by airplane. From Kansas City they will travel by rail and from Chicago to New York by airplane. They will leave New York about September 21 on the Bremen. According to reports, they plan a visit of six or eight weeks in Vienna.

SCHOOL TEACHERS HONORED AT PUBLIC RECEPTION HELD IN YORBA LINDA CLUBHOUSE

YORBA LINDA, Sept. 13.—A reception, attended by a large group of people, were held last night at the Woman's clubhouse in welcome to the teachers of the grammar school that opened yesterday. It was sponsored by the Parent-Teacher association and by the Woman's club. The program included addresses of welcome by Mrs. J. W. Brown, president of the woman's club, and by Mrs. A. J. Olsen, president of the P-T. A., after which teachers were introduced.

HOLD FUNERAL SERVICES FOR EWEN THURMAN

BUENA PARK, Sept. 13.—Funeral services for Ewen E. Thurman, one of the early settlers of Buena Park, were held at the Congregational church Monday afternoon at 2 o'clock, the Rev. L. Rue C. Watson, assisted by the Rev. Johnson, conducting the services.

Mr. Thurman passed away at the family residence on South Grand avenue Friday afternoon after a lingering illness. He would have been 80 years old September 29. He was born in Simpson county, Kentucky, in 1852. He was one of the early pioneers of Buena Park, coming here in 1905. He served as school trustee for six years. Later, when the library district of Buena Park was formed, he became one of the first members of the library board. He was superintendent of the water district for five years.

The pallbearers were Herbert Bixby, James Watson, George McNeil, William Loughboro and Wilton, all of whom came to Buena Park at about the same time as Mr. Thurman. He is survived, besides his wife, Mrs. Myrtle Thurman, by two sons and a daughter, Edward W. Thurman, Arthur R. Thurman and Mrs. Stella Wilsey, and by four grandchildren, Frank and Ruth Wilsey and Ruth Ellen and Donald Thurman.

Interment was in the Pomona cemetery.

LUTHERAN SCHOOL HAS 53 STUDENTS

OLIVE, Sept. 13.—St. Paul's Lutheran school, opened yesterday with an enrollment of 53. A number of pupils were unable to be present for the opening due to illness. The lower four grades are in charge of Miss Frieda Schaaf of San Diego, a graduate of the San Diego State Teachers' college. Miss Schaaf will also conduct classes in piano. The upper four grades are again in charge of A. W. Schmid, who has been at the head of the school since 1916. The classes in religion, preparatory to confirmation, will be given by the pastor, the Rev. E. H. Kreidt.

RALLY STAGED BY CAMP FIRE GIRLS OF MESA

COSTA MESA, Sept. 13.—The beautiful patio at the home of Mr. and Mrs. C. M. McClintock, of Fairview Grove, situated between Costa Mesa and Santa Ana, was the scene of a Camp Fire rally and reunion, when 50 people, including Camp Fire groups, their leaders, board members and parents met.

The patio, with its beautiful paper trees, large open fire place, garden furniture and surrounding lawn, lent itself admirably to the Camp Fire program. Besides the pot luck supper, the girls toasted French bread and made coffee at the open fire place and the hostess furnished ice cream served by the girls, in tiny Spanish flower pots, a service in keeping with the patio and lovely Spanish home in the background.

Miss Muriel Hendershot, leader of one of the groups, and leader of the organization at Costa Mesa, was given much commendation for the work among the girls by Henry Abrams and Mrs. William Conwell, members of the board of sponsors, who spoke at the gathering.

The program was in charge of a group of eight girls, who attended the summer camp at Seven Oaks. They gave a demonstration of activities in camp. The girls taking part were Maureen McClintock, Betty Wells, June Fain, Marguerite Fain, Betty Dodge, Grace Daughenbaugh, Ellen Howe and Christine Bendlin. The program began at 5 o'clock with a treasure hunt for all girls. This was followed by the supper. Later in the evening, Donald Dodge, a member of the board of sponsors, delighted all

present with moving pictures, showing three films.

Besides the above mentioned those present were Mrs. H. Abrams, Mrs. D. Dodge, Jean Winst, Mrs. E. P. Edick, her two sisters and daughter, Marjorie; Mrs. F. F. Fain, Mrs. Otto Hoffman and daughter, Maxine; Wanda Boykin, Mrs. E. Winterbourne and daughter, Mae Margaret; Mrs. J. College Girls In First Meeting On Thursday Morning

FULLERTON, Sept. 13.—The opening meeting of the Associated Women students of the Fullerton District Junior college is scheduled for Thursday at 11 a. m. in the new auditorium, according to announcement of Mrs. Esther Litchfield, dean of women of the school. The social program of the school is to be outlined.

Sophomores will be hostess to freshmen girls at a tea at Ebell clubhouse Thursday afternoon, with special invitations being issued to new faculty women, and members of the executive board of the school will be in charge. They are Miss Neva Gerdes, Miss Vera Hoke, Miss Alma Clark and Mrs. Litchfield.

The annual students' picnic is scheduled for Irvine park September 22. Games and contests will be featured in the afternoon and dancing in the evening.

October 7 has been set as the date for the Y. W. and the Y. M. C. A. stage. Tentative plans for the first student body dance are for October 15 at the gymnasium.

HOLD TRIAL OF GLENDALE MAN SEPTEMBER 27

SEAL BEACH, Sept. 13.—A mass meeting of Seal Beach, Sunset Beach and Anaheim Landing citizens will be held at the Seal Beach city hall next Saturday night at 7:30 o'clock when the matter of rights of citizens in the waters of Anaheim bay will be discussed.

The mass meeting was arranged following the arrest of H. P. Fuller, of Glendale, on complaint of Frank Haegel, proprietor of the Skipper's Chowder house at Sunset Beach. Haegel has extensive oyster beds in the bay and has signs posted warning people against trespassing on the beds.

Following Fuller's arrest, 50 citizens of Sunset Beach met at the home of Fuller and decided to employ Attorney George W. Bush as defense counsel. Fuller and his attorney appeared before Judge Chris Pann in Huntington Beach justice court yesterday and asked for a jury trial, which was set for September 27 at 9:30 a. m.

Haegel, who claims to have a state permit, has been warning people to cease rowing, swimming or gathering clams where his beds are located. He has strung boats across the water in front of his place in an endeavor to keep boats from going up and down the lagoon and has put obstructions of wire and cable across the channel, it is asserted.

RATIONALIZATION UNWISE

The national convention of the American Legion is wrestling with the question of the support of the bonus and expressions of hostility for the action of driving the so-called "bonus army" out of Washington. The condition which existed at the time the "army" was driven out by the Federal troops is in dispute. The degree of force used, and injury done at the time is also a question, upon which there is a serious difference of opinion, as brought forth by the evidence.

Probably the strongest evidence that the administration was hardly justified in the action which they took is the fact that after the other evidence is all in, there is an attempt to justify it by declarations concerning the personal character or record of some of this "bonus army." After all, it is hardly a question of what the record of any man or men has been in such an episode, as took place in Washington. For there was no attempt to drive them out of Washington, because of any record they had made before they got to Washington, and there is no evidence to indicate that they had done anything criminal while in Washington. This attempt to justify an act on the ground that somewhere, some of these men had bad records, is not only entirely beside the point, but indicates a desperation to make the worse appear the better reason.

It indicates to us that behind closed doors, there must be an admission that there was a mistake, but that now there must be a declaration made, as strongly as possible, to impress people that it wasn't a bad thing to do in any case. However, the reaction to this, as was the reaction to driving them out in the first place, from the American Legion, has been probably the opposite from what was expected to be.

There were many admirable things about Theodore Roosevelt. One of them was that he never attempted to argue about his mistakes. He made them, and there they were, open and flagrant. He was human. Presidents are just as other people, and the attempt to make it appear that they never make mistakes is worse than ridiculous.

A fair people will forgive mistakes of men in public life, the main tenor of whose work is strong and good for the public weal. But flawless men are not among us. No men are angels. Mistakes will be made. It is difficult to admit them, but we wonder if it wouldn't be better than to attempt justification.

An oculist warns that it is dangerous to rub the eyes. Vacationists receiving their hotel bills should pinch themselves instead.

SIGNS OF RETURNING PROSPERITY

A. P. Giannini, chairman of the board of directors of Transamerica Corporation, made a declaration yesterday, which is well worth repeating. It is as follows:

Commodity prices are advancing, merchants are replenishing their stocks, there is a loosening of credit, and general conditions are decidedly better. I cannot help but feel we have seen the worst of the depression.

We believe this to be a fair statement of the situation, and it is encouraging. While there was a sharp decline yesterday in stocks, yet a more important evidence of increase of business is the fact that the operations of steel have gone up two per cent in their working capacity, and that two per cent is 12 1-2 per cent over what they were, using their operations as the basis.

While the dividend yield of New York stocks has gone down very considerably by the increase in price, the dividend yield was very large at the prices that stocks were selling for 30 days ago. This increase in operations in the steel mills is more important than even the increase in the price of stocks.

The same is true in respect to telephone installations. In spite of the fact that July and August are the least favorable months of the year for telephone installations, yet there were 44,000 fewer phones discontinued in August than in June, and 23,000 more connected in the country. This is another evidence of returning prosperity.

DESTRUCTIVE RUMORS

Now it appears that letters are being sent out, spreading false rumors concerning banks, the letters suggesting that it would be wise to withdraw money from the banks.

These letters either are unsigned or signed by fictitious names, and the authorities are endeavoring to learn who these miscreants are. There is only one class who imagine that they can gain by undermining legitimate business and destroying confidence in institutions. These are those who are opposed to the very form of government under which we live, and who believe that it should be overthrown by force.

Their object apparently being to create a bad condition as possible and such that the people in desperation will commit some overt act. We believe their numbers are few, and the knowledge that there are such, ought to have great weight with the people when they consider such alleged information and advice. Such advice is against the interest of all people, both rich and poor, employed and unemployed, and terribly against the interest of those who are asked to follow the advice.

The purpose of it being, undoubtedly, to undermine the very government, without which the money that they withdrew would be valueless. While we doubt seriously if there is enough of it, or enough people believing that way, to cause real alarm or excitement, yet it is well to remember the sources from which such advice comes, for we should do exactly the opposite from the suggestions which are made by these advisers.

In prophetic vein, Europe has already started talking about the war debts as "war costs."

PORTENTS FROM MAINE

The reports from Maine, while not reassuring to the Republicans, yet are not so hopeless as to indicate a certainty of Roosevelt's election this fall. Maine has always been normally a Republican state, and it holds its elections in the early part of September, about two months before the general election.

It has been a kind of a testing ground, to try out the issues, and, according to this try-out, if conditions remain the same, it would appear that Roosevelt's chances for election in the country are extremely strong. It is probable that some sections of the country are more hostile to the Republicans, proportionately, than are the people in Maine, from the nature of the case. This would be true in the industrial centers, where work is scarce, and in the Middle West and West, where the farmers are having an extremely difficult time.

It has been strongly hoped that business conditions would improve to such an extent that it would help. And the increased price of stocks has undoubtedly had a helpful effect upon the general situation in the country. Unless there is a great sag in that, and in certain commodity prices, a strong campaign for the President's re-election will be certain.

One of the great mysteries of the year is how Dave Hutton ever escaped the movies.

GERMAN GOVERNMENT INVOLVED

In the language of the street, Germany's government is "in a pickle." A vote of non-confidence in the government was passed by 513 to 32. But the dissolution of the Reichstag was read by the Chancellor. He himself admitted this was invalid, however, because it was declared by a defeated government.

The government having been defeated by a vote, it appears that a declaration of the dissolution of the Reichstag by that government is invalid. It is now being appealed to the Supreme Court, and in the meantime the present government will function. It probably will mean that the government of Germany will be outside of the Constitution, and that the present chancellor will continue operations as long as they can depend upon the army and the police.

But government by force, and against the Constitution, will place in the hands of the opposition, the "cold end of the poker" and put them on Constitutional ground, and give them entirely the advantage of position for future work.

Sir Gilbert Parker

The Canadian romances of Sir Gilbert Parker, particularly "The Right of Way" which was read by so many thirty years ago, established that writer's reputation in many lands. With the word that he is dead in London at 68, tributes are being paid to the fine qualities in his writing, his descriptive powers, and his genius for accuracy. As the world notes his passing there are many in the Eastbay who express more intimate feelings, for Sir Gilbert Parker visited here upon a number of occasions frequently spending several months in Oakland. He was a kindly man interested in the worthwhile affairs of men and cities and he was generous in his encouragement to all who wrote.

Born in Ontario, Sir Gilbert knew its people. After his graduation from Trinity University, Toronto, he traveled about the world returning home from time to time, and then went to live in England and it was there most of his writing was done.

It was in the early '90's that he made his name as a writer with "Pierre and His People," "Mrs. Falchion" and "The Trail of the Sword." In 1896 he wrote "The Battle of the Strong," a story of the Channel Islands. In this novel he was obviously not on his surest ground, and the critics said so. This rather piqued Parker, and with the determination to produce something that would live he wrote "The Right of Way," the story by which he is best known to American readers.

Six years later came "The Weavers," followed by "You Never Know Your Luck" and other novels, none of which ever has been as popular as "The Right of Way," though all were good examples of romantic literature. He was a Member of Parliament for eighteen years, during which time he was known as a notable champion of imperialism. In 1902, he was knighted and in 1915 was made a baronet.

GROSS INJUSTICE

The singers of the opera stage,
For warbling just one little air,
Are paid a very princely wage,
And this is only just and fair.
They hold an audience in thrall,
And fill it with supreme delight,
And if I had the wherewithal,
I'd go to hear them every night.

These artists all have ample means
When off the stage for breathing spells
To ride around in limousines
And live in sumptuous hotels.
Their life is one of high romance,
They wear the most resplendent clothes,
And own, in Italy or France,
Whole strings of castles and chateaux.

But yonder little oriole
Must rise each morning with the sun;
Poor harried, troubled little soul,
His work is simply never done.
But when he has a minute's rest
From labor wearisome and long,
He pours from out his little chest
A quivering ecstasy of song.

No monarchs come to pay him court.
No crowds about him gape and stare;
There never is a press report
About his latest love affair.
And I am sure, if I were he,
I'd muffle up my flaring throat,
Perch glum and silent in my tree,
And never sing a single note!

FRED FEERNOT'S BUM ANSWER

A Play

Fred Feernot. Look at that old gentleman rite in the way of that runaway horse. I've had a pretty busy day rescuing people from fires and saving drowning children and warning a entire population about a breaking dam, and I'm pretty tired, but I've never stood quietly aside and left a old gentleman get knocked down by a runaway horse, and I'm not going to start now. Hay, whoa, stop, whoa!

Old gentleman. You're a brave boy and you've just saved what's left of my life. Are you rich or poor?

Fred Feernot. Poor but honest. Old gentleman. That's a good answer. Well I'm rich, in fact I'm a famous millionaire and I could give you a million dollars without even missing the check out of my check-book. Sipping I gave you a million dollars, what would you do with it?

Fred Feernot. I'd benefit the human race like anything. Old gentleman. You're full of good answers. How would you benefit it for instance?

Fred Feernot. I'd bid a hospitable about every 5 blocks where everybody could get free medicine when they was sick and have their germs examined for nothing when they was in doubt.

Old gentleman. You're one of these fresh guys, ain't you? What's you trying to do, ruin me? I'm the famous Dr. Pinkus who makes Pinkus's Liver Lozengers and Pinkus's Stomach Ake Stoppers and Pinkus's Pills for Pains. Begone out of my time, you made a bum answer that time.

Thoughts On Modern Life

By GLENN FRANK

ON FINDING NEW FORTUNES

My guess is that the most striking new fortunes of the next decade will be found largely in new fields.

This has been true following other great depressions.

Younger men would do well to be studying now the life history of the great new industrial developments of the past. Almost every major industrial development of these later years has gone through four fairly distinct stages on its way to successful exploitation, using exploitation in the accurate sense of maximum intelligent development.

(1) Expensive basic research has established the practical utility of a new product or a new process.

(2) A series of pioneer attempts at exploitation have failed or have met with indifferent success either because their promoters have failed fully to see the possibilities of the new product or because the need for the new product has not fully ripened or the demand for it become articulate.

(3) Factors, sometimes quite external to the new product or to its promotion, have come into the

picture to ripen the need for the new product and to make the demand for it articulate, thus giving rise to a market.

(4) On the heels of the pioneer failures of partial successes, more fresh organizational genius has come upon the scene with a more matured appreciation of the possibilities of the new product and a keener sense of the external factors that have set the stage for its successful exploitation.

There are two or three important new developments that have passed through the first three of these four stages; there are two or three important products or processes concerning which the basic research, proving their practical utility, has been done; pioneer attempts at their exploitation have met with indifferent success, and various aspects of the depression have ripened the need for these new products or processes.

The older minds of the business world will probably be unduly cautious in entering these new fields.

They will be captured by capable youth.

HOME LIFE

The home life of the present-day child in large towns and cities is rather restricted. Home has become the place where we gather to eat and sleep. Most of the activity that made it a vital business has faded forth into shop and factory, school and society. Home is a very restricted place.

In this restricted place we ask children to thrive as cheerfully and as happily as once they thrived in the bustling lively home of activity. In the old home the children bore an important share of the life. They did work that counted. They were counted in as important members of the family group. If they carried their share of the jobs well, the family life was that much the better for them. If they did less than their share they soon heard about it and the criticism soon moved them to effort. Now there is nothing for them to do in the home save to be quiet. That isn't conducive to a love of home.

Children are of necessity active, alive and intelligent. They must have their fingers in every pie. They must have a creditable share in what goes on about them. If they do not find this at home they go out in search of it. They must because they were made that way. The school is the logical place for them to go, but we have been slow to equip the schools for their tasks. Even when the school has been equipped for active children, many parents have clinging to the belief that home is the only place for the child and struggled to hold him there.

Home was the place, is the place, provided it is more than the shell of a home. How many homes can offer their children real activity, real participation in their interests? We no longer have such homes. Our society does not permit it. We have to face the new day in a new way and provide.

vide for the welfare and safety of the children apart from home. Children must associate with each other, play horsa together, plan and execute plans in groups. The small houses, the cramped quarters, the proximity of the neighbors, will not allow the noise and confusion of many children. The school should be organized for that.

The school should be many sided. One side is for the school courses. That is a distinct service. One side ought to be organized for the social education of the children. That, too, is a distinct service. The school building ought to be open all day and evening, every day in the year. It ought to be the social center of the community.

This means another staff. You can scarcely expect the teacher who has struggled all day with a class to put on evening dress and sally forth to entertain and instruct Youth for several hours in the evening. You wouldn't think of dressing for the evening and setting out to work in another office for several additional hours, would you? Neither can the teacher. For the social service side of the school there must be a staff specially trained, and there must be equipment for social activities.

The education, training, development of boys and girls costs money, but we have spent many a million in causes less worthwhile and the sooner we realize our responsibilities in this direction the better it will be for us and for the children. Home cannot give the service. School must.

TAKE 15,000 PRISONERS

On Sept. 13, 1918, the First American Army completely wiped out the St. Mihiel salient, taking more than 15,000 prisoners and extending the battle line past Noroy, Jaulny, St. Benoit and Herbeville.

Their net advance was as much as 18 miles and their gains extended over a front of 35 miles. Territory taken during the two days' fighting had been in the hands of the Germans since 1914. Wiping out of the salient removed the threat of a German flank attack on Verdun and threatened the German fortress of Metz.

French troops on the Alsne renewed their attacks and advanced more than two miles on an 11-mile front.

The British steamer Galway

HUGE PLANE IS WRECKED IN LANDING

BULLETIN
ABERDEEN, Scotland, Sept. 13.—(UP)—Capt. Thomas Watson of the rescue trawler Lord Talbot cabled the crew of the Hutchinson family plane safely and was proceeding with his fishing.

He did not say where he landed them, but it was obviously near Angmagssalik. It was reported the Hutchinsons had arrived at Finsbu, near Angmagssalik, where the Norwegian radio station is located.

BULLETIN
ANGMAGSSALIK, Greenland, Sept. 13.—(UP)—Col. George R. Hutchinson and his "flying family" were saved from a death on the barren Greenland coast today when they were found alive and well at Ikarsuk Fjord. Their airplane was wrecked.

The steam trawler Lord Talbot, first vessel to receive Hutchinson's SOS signals, found the family early today.

The amphibian airplane in which eight persons were flying to Europe was forced down on the open sea at 3:10 p. m. Sunday.

The discovery of the little band huddled ashore after their airplane had been wrecked saved them from likely starvation or death from cold in a deserted region. The privations would have been especially severe on Mrs. Hutchinson and her two daughters, Katherine, 8, and Janet Lee, 6.

A flotilla of craft ranging from trawlers to Eskimo canoes had searched the sea since Sunday for the missing family, while airplanes flew over Denmark Strait seeking to spot them.

Aboard the amphibian "City of Richmond" were Hutchinson, his wife and two daughters, and a crew of four; Peter Redpath, navigator; Joseph Ruff, mechanic; Gerald Altfisch, radio operator, and Norman Alley, cameraman.

COLMAN BRINGS CHAS. C. TEAGUE SUIT AGAINST HOOVER LEADER GOLDWYN FIRM IN SOUTHLAND

LOS ANGELES, Sept. 13.—(UP)—Ronald Colman, one of Hollywood's most prominent picture stars, today filed a \$2,000,000 libel suit in superior court against Samuel Goldwyn, Inc.

The actor alleged that the corporation had caused statements to be issued which reflected upon his character and his ability as an actor.

The statements assertedly referred to the actor as "drunk and dissipated" and Colman asked that he be awarded \$1,000,000 actual damages and the same amount in punitive damages.

The suit attributed to the corporation the following statement issued last month:

"He feels that he looks better for a national standpoint why President Hoover must be re-elected."

"There are many reasons from a national standpoint why President Hoover must be re-elected," said Mr. Teague in a statement, "and while most of these reasons are important to us in California, there are some which are more important to us, possibly than to any other state or section."

"If this section is to continue on its progress toward economic recovery, it is necessary that the president's general and specific program of economic and financial rehabilitation be carried out during the next two or three years. Any change in this program, or undue interference with it, such as surely would arise if his Democratic opponent should be elected, will result in a set-back for our entire business, industrial, commercial and laboring classes."

"Due to President Hoover's leadership and his strong grasp of the problems which confront us we are on the road back to normal economic conditions. It would be a tragedy to make any changes in the program now."

PLANE WRECKAGE IS RECOVERED AT SEA

SAN FRANCISCO, Sept. 13.—(UP)—Bellet that wreckage of an airplane recovered from 300 feet of water 12 miles southwest by south of the San Francisco lightship was part of one of the planes participating in the Dole flight to Honolulu in 1927 were dispelled today.

Examination of the wreckage disclosed it to be a naval plane. The wreckage was recovered by the trawler San Francisco International No. 3. It was believed the plane had been submerged about one year.

By the letters "XY" distinguishable on the wreckage, naval officials today hoped to identify it. It is believed probable the plane might have been lost from one of the navy's airplane carriers.

HOOVER WORKING ON REORGANIZING PLAN

WASHINGTON, Sept. 13.—(UP)—President Hoover announced today that he was working on a definite plan for the entire reorganization of the executive branch of the federal government authorized by the last session of congress in the so-called economy act.

The president, coming from a long session of the cabinet to a brief conference with newspapermen, announced that he had ordered Budget Director J. Clawson Root to set up a staff to make detailed investigations and prepare the necessary executive orders "for reorganization of the whole structure of the federal government."

R.F.C. To Buy \$40,000,000 M.W.D. Bonds

Work on Huge Aqueduct to
Start Within 60 Days,
Report Says

BULLETIN
The Colorado river aqueduct for the Metropolitan Water district is expected to start within 60 days as a result of announcement from Los Angeles this afternoon that word had been received that the Reconstruction Finance corporation had definitely made decision to purchase \$40,000,000 of the M. W. D. bonds.

The message that the R. F. C. had determined to assist this project by purchase of the bonds came to a session of the board of the directors, of which Col. S. H. Finley, of Santa Ana is secretary, in a phone message at 1:30 p. m. from John G. Bullock, of Los Angeles, a member of the board, who is in Washington in connection with affairs of the district.

Bonds will be purchased in lots as offered, under the agreement with the R. F. C., thus saving interest charges until the funds are actually required for use.

The first year's construction program calls for expenditure of \$20,000,000, while a similar amount is slated for use the second year.

The 60 day delay is caused, according to word from the M. W. D. office, to the requirement that the bonds are required to be advertised and that certain legal steps must be taken before the funds will be available.

The M. W. D. board expects to advertise at once for bids for construction of distribution lines to take power from Colton to such points as required including the western portal of the San Jacinto tunnel, according to Col. Finley. Contract for the construction of the tunnel, which is expected to require six years for completion will be let as soon as the money is available and the bids are called.

It is probable that the 30-hour working week will be used for labor on the mammoth construction project, according to Colonel Finley. During the first year, probably 5000 men will be given employment, the director said. Santa Ana is entitled to .8 of one per cent of the total men given work. At the peak of construction, as many as 30,000 will be employed, according to estimates made by the engineering department of the district.

John G. Mitchell, Santa Ana, was elected president of the County Democratic Central committee at its meeting this afternoon. Other officers elected were: Vice chairman, John J. Strickland, Fullerton; secretary, B. Z. McKinney, Santa Ana, and treasurer, Ben Blue, Santa Ana. Mitchell and McKinney were re-elected to the offices they have held during the past year.

Howard Irwin, well known Fullerton real estate and insurance broker, was unanimously elected chairman of the Orange County Republican central committee at an organization meeting held today in the courthouse.

Irwin was nominated by Tom Talbert, veteran Republican leader, who declined the nomination after it had been offered him. Talbert explained that he had been chairman of the committee for two terms, as well as chairman of the Southern California committee, and felt that the position should go to another man.

Tribute to the work done by Talbert was paid by the newly elected chairman and by the entire committee, who passed a vote of thanks honoring Talbert.

Election of vice chairman representing the supervisory districts resulted in the selection of W. C. May for the first district, W. P. Feldner for the fourth district and Hal Warner for the fifth district. Election of a vice chairman from the second district was deferred until later because Talbert was the only representative of the district present. Because Irwin is from the third district, there is no vice chairman from that district.

Milburn Harvey, Santa Ana attorney, was re-elected secretary-treasurer of the committee. At his suggestion, the committee members named Ed Koelbe, deputy county clerk, as assistant secretary to act in case Harvey is out of town.

The committee adopted a motion pledging the members to stand solidly back of the Republican platform and to support Hoover.

BERN'S PHYSICIAN WILL RETURN TODAY

HOLLYWOOD, Sept. 13.—(UP)—Dr. Edward B. Jones, personal physician of Paul Bern, was to arrive here today from Honolulu to "explain the motive" for Bern's suicide, which left the glamorous Jean Harlow a widow.

Dr. Jones, in Honolulu when the motion picture executive hung himself in his honeymoon bungalow, cabled to Metro Goldwyn Meyer studios that he could furnish the reason for Bern's act, and sailed for the mainland to do so.

The physician's explanation, if he makes one, will have no official weight, but may clear up the mystery surrounding Bern's self destruction.

IOWA BEGINS PROBE OF PICKET BATTLE

CHEROKEE, Ia., Sept. 13.—(UP)—The state of Iowa today began an investigation of the one-sided "Battle of Cherokee," in which 13 farm strike pickets were wounded.

The inquiry was undertaken on petition of 3500 residents of six counties in this area. As a result of the bursts of shotgun fire, a truce has been called in the farm strike and a conference of governors summoned at Sioux City.

The battle still is as much a mystery as when it occurred on August 11. Hi Yackey of the St. Street Floor investigation sent a trail, has

STATE GOES DEMOCRATIC FOR FIRST TIME IN EIGH- TEEN YEARS, APPARENTLY

RESULTS ASTOUNDING

PORTLAND, Me., Sept. 13.—(UP)—Rock ribbed Republican Maine which has not been Democratic since 1914 apparently has gone Democratic, Republican headquarters admitted here today.

The Republican campaign leaders conceded that Louis J. Brann, Democratic candidate for governor, held a lead of 1000 votes over Burleigh Martin, with two communities believed to be Democratic still unreported.

Not only did it appear that the Democratic candidate for governor had been elected, but two of three Democratic candidates for the house of representatives held growing leads.

Edward C. Moran in the second district, was leading John E. Nelson by 2500 and John G. Utterback in the third district, was leading former Governor Ralph O. Brewster by the same margin. Brewster has served three terms as governor.

Carroll L. Beedy, Republican candidate in the first district, apparently was the only Republican congressional candidate elected. His lead was about 2500.

With all of the state's 632 precincts except a handful of tiny rural ones tabulated, the gubernatorial vote stood:

Louis J. Brann (D) 118,387.
Burleigh Martin (R) 116,307.

With returns from only 37 precincts missing, the vote stood:

Various estimates placed Brann's final margin at 1800 to 2200.

Every one of the three congressional battles was extremely close.

MEN KIDNAPED IN CHINA ARE FREED

TOKIO, Sept. 13.—(UP)—Henry Kinney and J. N. Bellington, the latest in a British newspaperman, reported kidnaped when bandits wrecked a passenger train on the Chinese Eastern Railway Sunday, arrived safely in Harbin today, a dispatch from Harbin to the New Service Nippon Dempo said.

Bellington said the bandit gang which wrecked the train and then robbed the passengers was led by a Chinese youth about 15 years old.

WILL ROGERS SAYS:

BEVERLY HILLS, Sept. 13.—(To the Editor of The Register): The last right of a citizen has been taken away from 'em. You can't even commit suicide in private any more. The press digs up the body, and the public, instead of the coroner, heads the investigation. "What's the big idea killing yourself around here and not notifying the press?" What's the idea leaving a note that nobody but your wife can understand? "Don't you know this is a free country and the public has got as much right to know everything as you family?" "Who did you love, and when, and why?" "Have you got any old love letters, or birthmarks on you that we haven't seen. We'll teach you to try and sneak off and die and not let us in on all the reasons. Now get up and pose for the photographers, and give us the whole confession. And don't let it happen any more."

Yours,
WILL ROGERS

STATEMENTS OF EXPENSE FILED BY CANDIDATES

Four more candidates for various offices during the recent primary election have filed their accounts for money expended during the campaign. Three of the filings were by candidates for supervisor, two from the First district and one from the Third. The fourth was by Roland Thompson, candidate for Judge.

Thompson, according to his accounting, spent \$718.44 on his campaign. Of this amount \$573 went for advertising in the various publications of the county. The remainder covered miscellaneous expenses and the \$10 filing fee required at the time of entering the campaign.

Herbert H. Oelke, defeated candidate for nomination as supervisor from the Third district, according to his accounting, spent \$324.87 in the campaign. Of this amount \$259.57 went for newspaper, billboard and other forms of advertising; \$25 was expended for rent of an office and \$10 was for clerk hire.

Charles D. Van Wyk nominated as one of the candidates for supervisor from the First district, listed his expenditures as \$192.39. The major portion of his expenditure was for printing and totaled \$105.59. Advertising cost \$76.30.

W. B. Martin, defeated for nomination from the First district expended a total of \$159.70, of which \$124.70 was expended in advertising; \$10 postage and \$15 for a canvass of voters in the district.

ARMY MASCOT SHOT

EL PASO, Texas. (INS)—Sgt. Maj. Smokey, widely known army post mascot, a beautiful, silken-haired Collie, died at Ford Bliss animal hospital from two bullet wounds inflicted by an unknown assailant. Smokey joined Fort Bliss as its mascot in 1923, and in 1929 he was given a warrant, signed by Col. Kenyon A. Joyce, raising the dog from the rank of private to sergeant major.

Death Notices

A WORD OF COMFORT
As you drive along a road toward nightfall, you pass often into a fog where you can hardly distinguish the road, and cannot see on ahead.

Life on earth is like that. You can see only a few steps before you, and cannot distinguish your dear ones who walk forward in faith, and with good courage, knowing that soon you shall overtake them have passed on into the sunshine, and go forward hand in hand, and grieve no more.

Citrus Fruit Growth Rate Is Revealed

Valencia oranges measured on September 1 are somewhat smaller than oranges measured at the same time last year, according to a table of growth rates compiled by Dr. D. D. Waynick of the Association Laboratory in Anaheim. The figures and measurements were taken from 17 representative groves in various parts of the orange belt.

However, Dr. Waynick pointed out, the sizes represent an average of the last eight years, which is 1.733 inches for outside fruit and 1.599 for inside fruit. The next 75 days is the most important period of the year regarding the sizing of valencia oranges, he stated.

Fruit measured the first of this month averaged 1.714 inches for outside fruit and 1.545 inches for inside fruit, against 1.833 inches for outside fruit last year at the same time, and 1.730 for inside fruit the same time last year. However, last year the fruit measured larger at this time than for any of the eight years during which time the records have been kept.

Local Briefs

Chester M. Poor, son of Mr. and Mrs. A. L. Eels of 719 South Birch street, Santa Ana, has entered the Colorado School of Mines this year with one of the largest freshmen classes that has ever registered at the institution, according to word from the college authorities. The school, second oldest mining school in the country, is located at Golden, Colo.

Cadet A. C. Bowers of 116 East Washington avenue, has returned to Culver Military academy in Indiana, to resume his college preparatory studies. Cadet Bowers, who has made a high academic record at Culver, will be a first classman this fall and a candidate for graduation next June.

Frederic Sanford, secretary of the Orange County Builders' Exchange and secretary of the state organization, is in Los Angeles today attending a meeting of the southern section of the advisory section of the California Building congress. The meeting was called to consider the initiative measure relating to trust deeds and mortgages.

A prayer meeting in the interest of the John Brown evangelistic meetings, is to be held at the Church of the Brethren, South and Canille streets, at 7:30 p. m. today, with the Rev. F. A. Flora in charge.

Announcement of the birth today of twin daughters to Mr. and Mrs. J. Ogdon Markel, 1321 Cypress street, was hailed by Democratic leaders as gaining two recruits to the party in this city. The twins are the ninth and tenth grandchildren of Mr. and Mrs. Jules Markel, 2130 Greenleaf street.

The trousseau, property of the Rev. W. S. Buchanan, were worth \$10 it was said.

COUNTY CUTS DONATION FOR ARMISTICE DAY

Orange county's contribution to the annual Armistice Day celebration was made today by the board of supervisors. On request of the Fullerton post, American Legion, and on motion of Supervisor William Schumacher, \$1000 was ordered turned over to the Fullerton post.

The celebration will be held this year in Fullerton and according to the letter requesting the annual contribution, all committees to direct the event have been appointed. The county contribution this year has been reduced as a part of the economy policy adopted by the board. In the past the county donation to the annual event was \$1500.

A request from citizens of the Smelter district that sufficient work to keep Silver, Glencoe, and Alhambra roads in good condition be ordered, was turned over to Highway Superintendent Nat Neff. The request was in the form of a petition signed by property owners along the roads mentioned.

The city of Anaheim was granted an additional \$2979.92 from the auto license fund this morning on motion of Supervisor William Schumacher. This amount was unintentionally omitted from the amount allotted at the last meeting of the board, it was reported, and will be used to pay for work already done on West Center street and Lincoln avenue.

Leave To Return Prisoner To S. A.

Deputy sheriffs left here today for San Francisco, to return to Orange county Stanley J. Oliver, former Huntington Beach man, wanted on a charge of issuing a fictitious check.

Oliver has been arrested for the sheriff's office by the San Francisco police, it was reported.

He is now asserted to have given G. C. Ward, of Huntington Beach a \$10 check on January 14, 1930, on which he was unable to realize the cash. According to Herman Zabel, fingerprint expert, Oliver passed several checks in Huntington Beach about that time.

Robber Gets Cash, Pants At Church

A sneak thief stole two pairs of trousers, \$2 in cash and \$2 in stamps from the First Christian church sometime Sunday afternoon, according to a police report.

Several doors were opened after the locks had been jimmied and the place was ransacked, it was reported.

Reports to the effect that several churches here were robbed at the same time, were without foundation.

The trousseau, property of the Rev. W. S. Buchanan, were worth \$10 it was said.

S. A. Women Will Organize Club To Support G.O.P.

Active plans were in progress in Santa Ana today for the formation of a woman's Hoover-Curtis club, it was announced by Mrs. Carl Mock.

To further the aims of the organization and to effect organization, a meeting will be held Thursday in the Y.W.C.A. rooms at 2 p. m. Mrs. J. G. Rominger of Long Beach and Mrs. Vanda water of Los Angeles will be speakers at the meeting.

The meeting will be open to all who are interested, Mrs. Mock declared.

SPRINGDALE

SPRINGDALE, Sept. 13.—Mr. and Mrs. Forest Hudson and son, A. C. Hudson, of Villa Park, former local residents, were guests for several days in the home of Mrs. Elizabeth Robertson. A cousin of Mrs. Robertson, Everett Curtis of Huntington, West Virginia, and his friend, Ross Symmons, of Goleta, Ohio, were entertained by Mrs. Robertson for a day. Both young men are attending a radio school in Los Angeles.

Cousins from Santa Ana, Miss Irma DeBar and Lynn DeBar, joined the party and they and Mrs. Elsie Labagh, niece of Mrs. Robertson, who is with her, motored to Long Beach. Mr. and Mrs. Earl Farrar, cousins from Huntington Beach, also were visitors of Mrs. Robertson's during the week.

A fish fry at Huntington Beach at which Mr. and Mrs. Z. D. Crane were hosts, terminated the visit in their home of Mr. Crane's sister, Mrs. Mary Orr and daughter, Miss Loraine Orr, of Parsons, Kans., and a friend, Dick Barrett, of the U. S. navy; a brother, Samuel Crane, and wife, of Pasadena, their granddaughter, Marlen, and a friend, Mrs. Smith of Santa Ana, and her son and daughter, Mrs. Lawrence Whitaker, of Huntington Beach, completed the party.

MAKE PLANS FOR PUBLIC DRY MEETING

Plans to bring the well known Hall-Summers wet and dry dialog to Santa Ana for a public meeting on Thursday night, September 22, in the interests of retaining the Weight act and defeating an effort to provide for state control of liquor sales, were made at a meeting of the publicity committee of the Santa Ana board of strategy last evening.

The meeting was held in the office of Chairman Ralph Smedley at the Y. M. C. A., and other plans for the campaign to arouse the interest of voters in thwarting efforts of the wets to repeal the state enforcement act were discussed.

The Hall-Summers dialog, which is reported to be highly entertaining as well as instructive, is scheduled to be held in the First Presbyterian church, Sixth and Sycamore streets.

Members of the committee are Smedley, J. Russell Bruff, the Rev. Harry Evan Owens, Paul W. Neff and George B. Whittle.

DISABLED VETS TO MEET TOMORROW

An account of the reports made by National Commander William Conley of the D. A. V. during his recent visit to Los Angeles, and other matters of vital interest to disabled veterans of Orange county are scheduled for the meeting of the Jack Fisher chapter, D. A. V., at Legion hall on North Birch street at 8 o'clock tomorrow night, according to Earl B. Hawks, commander.

Plans will be completed at this meeting for the rally to be held September 23 when a record class of new members is to be initiated.

Fourth District Commander John F. Burke, of Riverside, is expected to attend the meeting here tomorrow night, and all disabled veterans in the county are invited to attend.

30,000 Pupils Report On Opening Day

County School Supt. Ray Adkinson today announced the school enrollment in Orange county schools on the opening day totaled approximately 30,000 students who were met by approximately 1300 teachers.

There were 18,000 enrolled in elementary schools, 9000 in high schools and 1200 in junior colleges.

The county school program calls for a holiday on Armistice day and two days at Thanksgiving, Nov. 24 and 25. Christmas vacation starts Dec. 22 and closes Jan. 3. Easter vacation is from April 8 to 17 and a holiday is scheduled for Memorial day with the school year closing on June 16.

MOVIE PAGEANT TO BE GIVEN SEPT. 24

LOS ANGELES, Sept. 13.—Hollywood motion picture studios have agreed to give the public another demonstration of the beauties which may be wrought through the combined arts of the scene artist and the electrical wizard.

By an arrangement recently concluded, the studios are massing forces for the presentation of a "Motion Picture Electrical Pageant and Sports Parade" on the night of September 24 in Olympic stadium, Los Angeles.

Every cent of profit from this "show of shows" will go directly to worthy charities, according to a statement by Jack L. Warner, general chairman. One of the beneficiaries will be the motion picture relief fund.

The inimitable Will Rogers will be "spokesman." Conrad Nagel will be master of ceremonies and Joe E. Brown, grand marshal.

NEW SCHEDULE AT Y. M. C. A. FOR BOYS' CLASSES

The new schedule for boys at the Y. M. C. A. was announced today by Secretary D. H. Tibbals. With the opening of the public schools all the morning classes for boys are discontinued except on Saturday.

Older boys have their gymnasiums and Thursday afternoons, and younger boys have theirs on Wednesday and Friday afternoons. All of these afternoon groups meet at 5:30 and continue until 8 o'clock. This program is organized on a pentathlon basis, with each boy having the opportunity to take part in fencing, wrestling, tumbling, gymnastics and other activities. All of these groups meet on Saturday morning for tests, younger boys at 9 and older boys at 10 o'clock.

A class is provided for boys under nine years of age, who are sons of Y. M. C. A. members. This class meets on Saturday at 11 o'clock, for gymnasium and swimming instruction.

The employed boys have their regular class time on Monday and Thursday evenings from 7 to 9 o'clock.

The boys' game room is open daily except Tuesday during the hours when school is not in session, and remains open until 9 o'clock at night.

PLACENTIA

PLACENTIA, Sept. 13.—Mr. and Mrs. Victor Lypps are home from their Balboa place for the winter. Their children are entered in the St. Mary's school at Fullerton.

Glen Kreps, manual arts teacher at the Placentia Union Grammar school, and Mrs. Kreps are moving into their new home on Primrose avenue. They have purchased the property from Orman Harlow. Mr. and Mrs. Ralph Thurman and their three daughters have moved from the Harlow property to a home on Chapman avenue, near Baker street.

DEAL ON PHONE FRANCHISE FOR S.A. COMPLETED

Final passage of the city ordinance giving the Southern California Telephone company a 50 year franchise to do business in Santa Ana, was passed unanimously by the city council last night.

The ordinance was given first reading a week ago and the passage last night was in order.

According to the terms of the franchise, the city is to receive 10 per cent of the gross receipts of the company during the term of the franchise, which last year amounted to \$4700, according to Earl S. Morrow, manager here.

The franchise was bought for \$100. A resolution accepting a bond of \$1000 showing good faith by the telephone company, also was passed at the regular meeting of the board.

The previous franchise held by the telephone company extended for only 20 years and expires this year. Morrow declared that new franchisees were being sought by the company from all cities for 50 years and that several Orange county towns now were operating under the 50 year plan, including Fullerton and Orange.

Seeks Permit To Open Sale Stables

Application of J. H. Armfield to operate a horse and mule market at Fifth and Sullivan streets was received by the council last night and on recommendation of the city planning commission, the property was ordered posted on condition that stables face Sullivan street and have a setback of 200 feet.

Armfield stated in his application that he expected to renovate buildings on the property. Projects, if any, are to be heard at the next regular meeting.

COUNCIL ASKS BIDS FOR TWO AUTOMOBILES

The city of Santa Ana is to purchase two new automobiles. The city clerk last night was instructed to advertise for two cars, one for the police department and one for the fire department. Provision for both cars was made in the city budget.

The city has two old cars to turn in on the new ones and the new ones are not to cost more than \$125 each, according to the motion made in connection with calling for bids, made by Councilman William Penn.

COUNCIL LETS CONTRACT FOR LEGAL PRINTING

The contract for the legal advertising of the city of Santa Ana for one year ending August 1, 1933, was awarded by the city council last night to The Register Publishing company, after two bids were opened and considered.

The Register's bid was 45 cents per inch for the first insertion, 45 cents per inch for the next five insertions of the same ad and 45 cents per inch for all subsequent insertions.

The other bidder was the Orange County Reporter, whose bid was 30 cents, 25 cents and 25 cents. There was no discussion regarding the awarding of the contract.

Several weeks ago when the advertising matter came before the council, E. O. Warner, councilman, stated that he regarded The Register as the only newspaper capable of handling the city's business, and comment was made on the fact that The Register circulation is vastly superior to that of the other bidder, but last night when new bids were offered, there was no discussion.

Council Warner moved that the advertising be given The Register, Councilman J. L. McBride seconded the motion and it was carried three to one, with Mayor Paul Witmer voting aye. Councilman Penn voted against the motion. Councilman A. C. Hasenjaeger was not present.

SPECIAL POLICE OFFICERS NAMED

Two special police officers were appointed by the city council last night, both to act without pay. H. J. Baxter, of 235 McFadden street, was appointed as a special officer for the period of time the John Brown revival meetings are held in the south end of the city, starting September 25, and will act as a guard at the tabernacle.

Hubert Carter was appointed as a special officer. He is an American Express messenger. Both applications had been approved by the chief of police and the police commissioner.

Application of C. Perez, made to the city council last week for permission to operate a pool hall at 1030 Logan street was approved by the city council last night, following an investigation made by the police department.

NATIONAL WHIRLIGIG News Behind the News

WASHINGTON
By Paul Mallon

General von Schleicher, Germany's strong man, is breaking away from the conservative policy of other cabinet members.

His announced intention to intensify the steel industry and possibly the coal industry for military reasons.

Von Schleicher states his for the time—only object is pressing Germany's armament demands to a complete "mortalization" of the German army as he has a light tank which is superior to any other army's weapon.

The official exchange of memoranda between Germany and France is merely a smoke screen. Direct negotiations are being carried on between von Schleicher and the French deputy Fribourg to whom Premier Herriot gave unusual powers. Officially the French Ambassador Poncet knows nothing of Fribourg's negotiations.

France has been secretly sounding out the major nations on a proposal to revive the defunct Geneva disarmament conference.

The best of inside diplomatic sources here are buzzing about the excellent prospects for such a development within the next few weeks.

The secret that France wants to unload the German proposal for arms equality in the lap of the conference. That will make things easier at home. She has been quietly informed she will have to make some definite promises of concessions before anyone will listen.

Nobody wants to go back into that flop conference without some assurance of success.

France is in a tight place. The economic situation is relentlessly tearing away her last precious possession—security—that spells dominance under the Treaty of Versailles.

They say the Socialist government in Paris is ready enough to do some disarming. She is in about the same disarming position that our government is in on foreign debts. She must win people over gradually to a situation that is considered internationally necessary but nationally objectionable.

That is the lowdown that is passed over the best diplomatic cocktail shakers in Washington.

DRY

Mr. Hoover personally arranged to keep the dries on the sidelines. He had some of his dry friends in for a soft-soap luncheon before the neutrality decision was made. He was afraid they might follow Dr. Clarence True Wilson in opposing him.

That was why Col. Raymond Robins was on his way to the White House when he disappeared. Also why Bishop McDowell and Hughes were luncheon guests. Level-headed Bishop McDowell has been Mr. Hoover's go-between with the moderate dries for some time.

PRICES

The Administration has almost given up hope of 65 cent wheat by mid-October despite Everett Sanders' power among the handlers. There is still a good chance of 14 cent cotton regardless of the latest government report. However, there are no Republican votes in cotton prices. There are plenty in wheat.

The wheat situation is being influenced by news from abroad. The R. F. C. will probably try to combat that by using its funds for export loans. It seems too big a task. The crop report may change the situation but no one can see it now.

They figure the cotton report last week was overly pessimistic.

APPEAL

Cautious observers are recommending bullet-proof vests for the Home Loan Mortgage Board. They are afraid of what will happen when the mortgagees find out about this thing.

The fact is every mortgage holder must work through his local institutions. You can apply for a loan to any who are members of the national setup. They are mortgage banks, building and loan associations and insurance companies. Your case is largely in their hands. If they turn you down you have the right of appeal to the national Board in Washington.

This national Board is going to be run on banking lines. It is only fair to say that the Board will see with the local institutions in 99 cases out of 100.

INCOME

Gov. Franklin Roosevelt takes the \$2,000,000 estimate of his fortune as a compliment. Straight from one who has close insight at Albany and Hyde Park comes private word that our estimate was "exactly correct on a 10 per cent basis." That would indicate a competency but not wealth which is no compliment to our previous information.

It also suggests his income has declined about 85 per cent since 1924 when he paid taxes on an estimated income of \$72,500. Those on the inside at Albany say the Governor's mother, Mrs. James Roosevelt, has the family fortune in control.

OUTLOOK

Things look fairly good in a business way from here. The

pickup is coming very slowly but surely.

Building trades activity is improving. That makes two industries now lifting themselves out of the mire. Textiles are well on the way.

Big shots in the government have been casting anxious glances at the stock market. It has been riding too high. Every good break expected before Christmas has been discounted. Any dip in prices is taken as a good sign.

Things should hover around where they are now for a while.

Word has been passed around confidentially among the high-ups that a big boost in steel output is due. Some optimists expect the present 17 per cent capacity operations may be raised to 30 per cent.

NOTES

That statement Mr. Coolidge wrote endorsing Mr. Hoover followed closely the line-up of a dozen hand-out statements previously made by Mr. Hoover and the Republican National Committee.

Italian Ambassador De Martino has received private orders from Mussolini to stay here until further orders. . . . He was to have been replaced Sept. 17. . . . The reason is supposed to be that his successor is wanted in Europe in connection with the new disarmament developments. . . .

NEW YORK

By James McMullen

Republican headquarters here is wound up to take advantage of any mistakes Roosevelt may make on his western swing. They figure the trip is a good break for them. The idea is that he will have to be cordial to McAdoo and Hearst and there is jubilation confidence around the Waldorf that this will cost him a flock of votes. Undercover stuff about the Klan and the Chicago bargain will be used at auspicious moments.

Republican strategy at the moment consists of saying as little as possible and saying wood. Reports drifting in here of the reaction to the Fort mortgage moratorium and the announcement that the Farm Board will hold its wheat and cotton surplus off the market for the balance of this year are distinctly encouraging.

The Farm Board stuff isn't kidding anybody in the financial district. They are asking what will

happen when the surpluses are dumped next year. Criticism of the R. F. C. is freely expressed for loaning 50 million dollars for the purpose. The opinion is that the money should have been held for a more pressing emergency.

Now that the Socialist speech is over chances are the Democrats will tack the repeal argument away in a closet for a while. Senators Hull and Dill are loyal Roosevelt supporters of long standing. Both are dyes. Both find the party's witness embarrassing. Hence one reason for the soft pedal.

GOVERNOR

The man to watch in the Republican scrap for Governor of New York is George Fearon. He is quite likely to slip through for a touchdown while Donagan and Davison are having it out. Fearon is one of the shrewdest politicians in the state. He hails from Syracuse and is a powerful factor in the upstate Republican machine.

ROOSEVELT

Bernard Baruch's recent remarks on behalf of Roosevelt were part of a campaign to win business support for the Democratic candidate. The next step will be to have a hundred business leaders in New York State make similar statements for the benefit of their respective communities. Democratic strategy calls for a sharp differentiation between business sheep and financial goats.

SISSON

Francis H. Sisson, of the Guaranty Trust, has just been named head of the American Bankers Association. This signifies a publicity campaign to restore the banks to the good graces of the public. Sisson's skill in this direction put him in his present job.

There are apt to be some timely remarks about the usefulness of security affiliates before Congress meets again. It will be pointed out that they handle the bulk of State and Municipal financing and that it would be very difficult to accomplish such financing without them.

CREDIT

The National Credit Corporation—privately formed among the banks to meet emergency situations ineligible for R. F. C. handling—has returned to its

members 15 per cent of their subscriptions. This came as a pleasant surprise at this time when a call to put up more funds would have been in order had credit conditions not improved.

BROOD

"The old lady of Liberty Street"—otherwise known as the Federal Reserve Bank of New York—is acting as foster mother to every

new financial agency the government thinks up. The New York offices of the Commodity Finance Corporation, the Reconstruction Finance Corporation, the liquidating agency for suspended national banks, and the National Credit Corporation are all housed under her roof. The latest addition to the board is Walter Teagle's "Share the Work" Committee. Copyright, 1932, McClure Newspaper Syndicate.

OFFICIAL CAR'S FATE IS TOLD IN MAGAZINE

A tragic fate overtook State Highway Commissioner Phil A. Stanton's "official car" this summer when it figured in a highway crash that left it a crumpled wreck by the roadside while the veteran commissioner escaped with minor injuries, according to an article that appeared in the current issue of "California Highways and Public Works."

Two pictures are shown with the article; one of Stanton in his old "flier" with his dog, and the other of the car after it had been badly battered in the wreck.

"The 'official car' ensemble," the article said, "Stanton, his ancient flier, his still more ancient dog and his cigar—a combination that has been a familiar sight for years to Orange county folks, was proceeding along the Coast Highway near Seal Beach. While turning into Bay boulevard, a speeding machine crashed into them with terrific impact. The 'official car' turned several somersaults and came to rest, a crushed, distorted thing minus two legs.

"Out of the mass of twisted steel and broken glass, Commissioner Stanton emerged bleeding, dragging the unconscious dog. Foxie after him and still gripping the cigar between his teeth.

"A bad cut on one hand required six stitches, both knees were cut and swollen and numerous contusions were distributed over his body. Foxie was stunned and had a cut over one eye. The cigar was mushroomed.

"Commissioner Stanton was taken home and put to bed where he remained for a week with many protests against the doctor's orders. He missed one meeting of the Highway Commissioner but turned up at the next in Sacramento looking well and fit as ever.

"Despite the fact that he is independently wealthy, owns a beautiful estate at Anaheim and an expensive car which Mrs. Stanton drives, the Commissioner has persistently stuck to his old flier for his personal use. It was his first love, automatically speaking, and he never learned to drive any other."

Politically Speaking

By HOMER L. ROBERTS

(United Press Staff Correspondent)

SACRAMENTO, Cal., Sept. 13.—(UP)—In no uncertain terms, Governor Rolph has laid down the law to certain of his department directors who are fighting among themselves.

"Quit your quarreling or get out," was his ultimatum. To which he added:

"No member of my executive council has been authorized to speak for the governor on legislative policies or controversial issues that may appear on the November ballot."

The governor's statement may have an effect upon the long-standing dispute between Colonel Walter E. Garrison, director of public works, and Rolland A. Vandegrift, director of finance, over using gasoline tax revenues to retire old state highway bonds. Another disagreement that may be affected is over the question of transferring the burden of supporting public schools from counties to the state, favored by Vierling Kersey, state superintendent of public instruction and opposed by Vandegrift.

Changes Rumored

Rumors were rife this week that Theodore Roche, San Francisco attorney and police commissioner, may resign as state director of motor vehicles, and that Colonel Garrison might quit as director of public works, to be succeeded by Earl Lee Kelly, chairman of the state highway commission.

All hands emphatically denied the reports. Said Kelly: "I am proud to be a member of Governor Rolph's official family, and will serve in any capacity he desires."

Mayer Slated

Louis B. Mayer, Hollywood movie magnate, is to be elected chairman of the new Republican state central committee which organizes in Sacramento September 24. He will succeed Marshall Hale of San Francisco.

Political Gossip

Governor Franklin D. Roosevelt may make his first California speech in Sacramento. Governor Rolph will fly up from Visalia to greet the candidate at the state capitol September 22.

Tallant Tubbs, nominee for United States senator, paid a visit to the state fair during the week. When he left, all the prize-winning hogs wore Tubbs buttons. Frank B. "Andy" Anderson, Tubbs' public man, clipped them on the porkers' ears until his supply ran out.

Absent voters saved Robert Lincoln Patterson, administration whip in the assembly, from defeat in Kern county. The final count gave him a majority of 8 votes over his opponent, Ferd Snyder of Tehachapi.

Ogden L. Mills, secretary of the treasury, will stop for Hoover and Curtis in Los Angeles October 1 and later in San Francisco.

NEW CONTEST PLANNED FOR KREG PROGRAM

Could you use \$10 in cash?

If so tune in on KREG at 5:45 o'clock tonight and let Dr. Workman tell about a contest he is sponsoring in connection with his "Keep Smiling" program. In this contest Dr. Workman will give a first prize of \$10 cash, second prize of \$5 and eight other prizes consisting of sets of rose-colored Jettette Adams design berry sets. These berry sets offer one berry dish and six sauce dishes.

Details of the contest and what might be done to win one of these valuable awards will be outlined tonight during Dr. Workman's program. Station officials say that his offer is the nearest approach of something for nothing that has ever been offered over the radio.

In addition to telling of this new contest Dr. Workman will talk on the subject "The Philosophy of Chiropodics" and explain "How and Why the Backbone is a Key to Health."

Following Dr. Workman's program the Mutual Life Insurance Company of New York will broadcast a feature presentation introducing several accepted leaders in the world of music as guest artists by electrical transcription.

KREG NOTES

A group of well-known and entertaining artists will assist Mrs. Grace Dennison Schaefer tonight in a program which promises to be outstanding for vocal instrumental, presentations and readings.

Tomorrow morning at 10:30 o'clock Mary Burke King, during the book review program will discuss the book "A Good Man's Love" by E. M. Delafield. This is a story of Monica Ingram who was born when a young girl's days were spent in being good so that she might marry a Good Man as quickly as possible.

Tomorrow night will mark the close of the Kilk Limerick contest sponsored by the Jester Beverage company. This week seven prize winners will be rewarded with \$3 in cash going to the author of the cleverest limerick, \$2 to the second and cases of Kilk, the new beverage, to the next five.

RESEARCH REVEALS ALL-BRAN RICH IN HEALTH-ELEMENTS

Helps Correct Constipation with "Bulk" and Vitamin B; Also Has Iron

Recent scientific research shows that Kellogg's ALL-BRAN contains two things needed to overcome temporary or recurring constipation. It has "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract.

These two important food-elements promote regular habits, and help to away with the headaches, loss of appetite and energy, so often the result of constipation.

The "bulk" in ALL-BRAN is mild in action—much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes. Special cooking processes make ALL-BRAN finer, softer, more palatable.

Isn't this pleasant "cereal" way far more healthful than using pills and drugs—so often habit-forming?

Just eat two tablespoonfuls of Kellogg's daily—enough for most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Besides, ALL-BRAN brings your body twice as much blood-building iron as an equal amount by weight of beef liver.

Equally tasty as a cereal with milk or cream, or used in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.
